

Writing task.

You have already written your description of Big Yellow. In your literacy time this week you need to get your description typed and printed to go on the wall around the picture of Big Yellow.

Remember when publishing on a computer that if there is a red line under the word it is spelt incorrectly.

Things to check before you print.

1. Your writing should not take up a whole sheet of paper.
2. Check for capital letters at the beginning of each sentence and when you use Big Yellow's name.
3. Check you have full stops at the end of each sentence
4. Is your name on the piece of writing?

The printing code is 41012
