

How to Use the Digital Graduate Profile Poster

Step 1 - Open [this link](#) and click "Make a copy" to receive your own copy of the Graduate Profile Digital Poster.

(Note: At this point you will have a copy of the poster in the main folder of your Google Drive. Feel free to place it into a folder of your choosing at this time)

Make a copy

Step 2 - On the copy you just made, click the red cell that reads "Teacher:"

Teacher:

Step 3 - In the white box above, you can add your name. Follow this same process with the "Class:" cell to identify which class this Poster will be used for.

Teacher:

B

C

D

Teacher

Step 4 - Under each Graduate Profile Skill, there is a field that reads "Assignment Name" and one that reads "Link". For the Assignment Name, simply type into the empty cell the name of the assignment you are placing in that particular graduate profile skill.

Assignment Name

Link

Step 5 - For the "Link" field, open up your Google Classroom and navigate to the assignment you just typed in the previous box. You should see a screen that looks something similar to this once you've opened the assignment.

Argument #1 - Buy Nothing Day

Add class comment...

Step 6 - Copy the web address of that assignment, then return to the Graduate Profile and paste it in the "Link" box. In the end, your Digital Poster should look something like the bottom image to the right.

Note: The link feature is just an ease-of-use feature for your students; should you not have your assignment on Classroom you can forgo steps 5&6.
