Director of the Board

To Assembly Speaker Robin Vos and Republican Members of the Wisconsin State Assembly:

Richard Bruno, MD, MPH
Director of the Board

As medical professionals from across Wisconsin, we are calling on Assembly Speaker Robin Vos and Assembly Republicans to cease their attempt to impeach Justice Janet Protasiewicz. Impeaching Justice Protasiewicz would be anti-democratic, and undermine the will of over one million Wisconsin voters who elected Justice Protasiewicz to protect our freedoms — including reproductive freedom and abortion access.

Kali Cyrus, MD, MPH
Director of the Board

Gaby Goldstein, JD, PhD
Director of the Board

Earlier this year, medical professionals joined the overwhelming majority of voters to support Justice Protasiewicz. That's because reproductive freedom, a value she champions, is imperative for our patients' health and well-being. And, in Wisconsin, the outdated 1849 abortion ban is threatening this. Through our decades of collective medical experience, across backgrounds and specialties, we have seen firsthand how critical access to abortion is. Pregnancy complications can be extremely dangerous and, if not treated swiftly, can threaten our patients' health, future fertility, and very lives. Under the state's abortion ban, many doctors are legally unable to act quickly and must wait until our patients' condition worsens. Furthermore, regardless of circumstances, our patients should be able to make their own decisions about their health and bodies, with our counsel. Wisconsin voters agree.

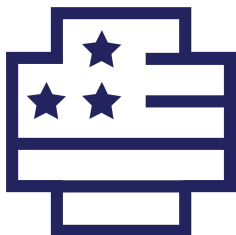

Martha Grant
Director of the Board

Matt Longjohn, MD, MPH
Director of the Board

Milan Satcher, MD
Director of the Board

Along with voters, medical professionals were hopeful that Justice Protasiewicz's election could create a path forward to fully restore abortion access. By electing her, we chose a set of values we wanted reflected in our highest court's decisions — including the decision around Attorney General Kaul's lawsuit against the 1849 abortion ban. To impeach her would be to ignore those values simply because Wisconsin's Republican politicians don't like the results.

Mark Schauer
Director of the Board

Medical professionals across Wisconsin urge Assembly Speaker Vos and Assembly Republicans to stop their efforts to impeach Justice Janet Protasiewicz and to allow the will of the voters, including on reproductive freedom, to stand.
