

Some exciting news for our Wildcat families! The district will continue to offer the free meal benefit for all children who reside in the district boundaries through the remainder of the school year!

- Virtual students and non-students: At this time, we are not able to offer meal delivery. Families who are interested in this service will have to pick up their meals at the school daily, please contact Michelle at 715-787-3211 x801 to set up for meal pick up if interested.
- For all students/residents in the district under the age of 18 this means they can participate in both breakfast and lunch free of charge.
- Jr. and Sr. High Students, if you choose to get a 2nd entree, you will be charged accordingly, the cost is \$1.75
- Please make sure there is money in your lunch accounts for 2nd entrees and for students wishing to purchase just a milk. These charges still apply and will be taken off of their lunch account.
- The district will continue to provide a sack breakfast and lunch on Tuesday for students to take home for their Wednesday meals.
- The district will also provide two breakfast and lunch meals on Fridays to help families out with weekend meals.
