

Summer Spartan Course Offerings 2025

This flyer is posted on the SHS website
for easy access to all links

[Foods CTE](#)

June 16-July 16, 2025

English Learners and Recommended Students Monday-Friday; 8:30 AM-12:30 PM
Grades 8-11 Credits: 10

A course designed for English Learners and students recommended by their counselor to complete the Foods CTE Pathway over two summers. This course assists students in understanding nutrition, health and wellness. The Foods 2 class will run next year with students who complete Foods 1 this year (or last). This completes a CTE pathway for those students, and offers them recognition at Spartan Laurels and in the Graduation program, as well as recognition for being College and Career Ready by the state of California.

Summer Credit Recovery
Invited students - see counselor

June 16 - July 25, 2025
Monday-Thursday; 9:00 AM- 12:00 PM

This is a free 6-week program for South High students who wish to make up credit in a class they have failed. Students who need to recover a D for A-G completion may also take advantage of this opportunity. Students will receive an invitation and a registration form via email from the school. You may also contact your counselor if you are interested. Students must attend the in-person Credit Recovery class twice a week. In-person lab days are Monday thru Thursday from 9am-12pm.

Bridge to Algebra 1

June 16 - July 25, 2025
Tuesday, Wednesday, Thursday: 9:00 AM - 12:00 PM

We have designed a course for students who may need additional support in Algebra 1 next year. This course is for students who received a B, C or D in Math 8. a 1 class you have the foundations for success. This is not a full year course, and it will not result in a grade. It is a free, short, three weeks intended to foster long-term success in math. This course is designed for incoming 9th graders. It runs from June 17 - July 3, 2025 on Tuesday, Wednesday and Thursday from 9:00 to 12:00 p.m. on the South High School campus. The link to the application form is below. Please complete by no later than MAY 16, 2025.

Intro to Data Science

An exciting new opportunity for juniors to accelerate in the Data Science world, and to take a Dual Enrollment course next year. The info is in the attached documents. The course runs from June 23-July 18, 2025, Monday through Friday from 9-12, and counts as 10 units of mathematics. It is also the gateway to the Dual Enrollment/El Camino Data Science Pathway which leads to certification.
