

# SENDING YOUR SAT & ACT TEST SCORES TO COLLEGES

## **SAT scores should be sent to:**

- **1 UC** – if you send to 1 UC, all UCs receive it
- **Cal State Apply (in Long Beach) # 3594** – by sending here, all CSUs receive it
- **ALL private and out of state schools to which you are applying**
- **NCAA (#9999) if planning to participate in college sports**

## A Few More Details

- With every SAT registration, you can send a score report to 4 colleges for free (they can be used/sent up to 9 days after the test day, then they expire). If you used a fee waiver, then you get an additional 4 free score reports to use/send – these don't expire until graduation day). Each additional score report you send (beyond the free ones or sent after your “free window period”) will cost you \$11 per school.
- If you and your family can't afford to send score reports to all the colleges you are applying to, please talk to Mr. Weintraub about having Lighthouse help you cover some of these fees.
- If you took the December SAT, you should wait to send those scores until these come out - but don't forget!!! If you already have other available scores, you should send those now!

## To send your scores or to confirm that you have included all the schools, log into your SAT account:

- Click on “Send Scores.” Next to My Scores, click on “see sent scores” to see which schools have received which test scores. If necessary, return to My SAT page and click on “send available scores now” and add schools that still needed to receive it.
