

With the Prestonwood subscription to Visible Body, you have free access to 3D anatomy, physiology, and biology resources!

- Study for exams with 3D flashcards and practice quizzes
- Visualize complex physiology and pathology topics with 3D animation videos

Step 1: Create an Account

[Click this link](#) to create a Visible Body account and access from your computer. To access on your phone or tablet, follow the instructions below.

Step 2: Download the Mobile App

After you have created an account, scan and use your Visible Body Suite username and password to unlock 3D anatomy & physiology so you can learn anytime, anywhere!

OR: Option 3: To download the app to your mobile device from the web, navigate to your Visible Body Suite account (websuite.visiblebody.com) and click on Get Mobile App. You will use the same credentials you use to log into Visible Body Suite.
