73. After a brutal fight leaves Louis Tomlinson wounded, he stumbles to Harry's door, desperate for help. Despite his fear, Harry, an Omega trying to live quietly, can't turn him away. As Louis keeps returning, their connection deepens, and Harry realizes there is far more to the dangerous Alpha than meets the eye.

74. Harry is actually an undercover cop posing as a struggling Omega to gather intel on Louis' gang. He doesn't expect Louis to be so captivating- or for Louis to see right through him. The tension between loyalty to his mission and his growing feelings for Louis threatens to destroy them both.

75. Harry is in charge tonight and Louis loves every second of it "Good boy, daddy" Daddy Kink, top Louis, Louis has a praise kink, please, please, please.

76. Louis is always a boss, always in charge, except when it comes to his omega when they're finally alone (dom bottom Harry/ sub service top Louis)

77. When Alpha Louis Tomlinson shows up to collect a massive debt left behind by Harry's father, the Omega is ready to face the consequences alone. Instead, Louis

offers Harry a deal - one that keeps them tangled in each other's lives and leaves the Alpha fighting instincts he can't ignore to claim Harry as his own.

78. Omega Harry unknowingly starts dating Louis' rival, unaware of their dangerous feud. When a conflict breaks out, Louis, an Enigma, saves Harry from being used as leverage, revealing the truth about his own gang and the lengths he'll go to protect Harry.

79. Pussy drunk Louis who's obsessed with his omega (face sitting, cock warming etc.)

~~80. Nerd Alpha Louis x popular girl Harry, who's kinda bitchy and bratty but has a very soft spot for a shy gorgeous Alpha, who's oblivious and can't believe that someone like Harry would be interested in him.~~

81. After Harry witnesses a crime while working late at the diner, Alpha Louis Tomlinson steps in, offering Harry protection in exchange for his silence. Pulled into Louis' dangerous world, Harry discovers the Alpha's terrifying reputation hides a fiercely protective side - and Louis realizes he'll do whatever it takes to keep Harry safe.

82. Alpha Louis Tomlinson is the feared and deadly leader of Doncaster's most notorious gang, known for his unshakable control and violent methods. When a rival gang starts encroaching on his territory, Louis orders his men to track down any potential threats, and they end up at Harry's door - a quiet, unassuming Omega who unknowingly lives right in the heart of the danger zone. Harry is forced to cooperate with Louis, but the more they interact, the more Louis realizes there's something about Harry that draws him in - something soft that's different from everyone else in his brutal world. As their uneasy partnership turns into something deeper, Louis finds himself questioning everything he's built, torn between protecting Harry and maintaining his deadly reputation.

83. Alpha Louis has a younger brother, who's also an alpha but they can't stand each other. L's brother has a partner Omega Harry, who's honestly the sweetest

person ever. H often stays over, since his family situation at home is rather complicated (up to the author but I imagined his mother has died and he's left with his dad who barely cares about him). Louis knows Harry briefly and their encounters are always friendly, until Louis' brother gets annoyed by Harry's presence, so he gets rude always pushes Harry around and stuff. Sometimes he's mistreating him in the middle of the night, like leaving him unsatisfied or yells at him for having nightmares. Louis meets him in the bathroom and they chat. They bond to each other slowly strengthens (actual slow burn pls with like a moral inner fight and stuff). One day their attraction snaps and they fuck (Bonus: before they fuck there's a lot of comfort - friends to lovers - an omega drop and some touch deprivation since the brother is an asshole) Later on I want the brother to be really jealous but neither one of H or L care.

84. A/B/O shapeshifting au - Pack Alpha Louis falls in love with Harry, a beautiful Omega, he can't have because their packs are enemies/currently not on good terms so they have to meet up secretly

85. Alpha Louis world famous rockstar / Omega Harry the rockstar girlfriend, that's a little morally questionable (he's like 8 years younger and is only with Louis for a little fun and fame) One night they accidentally bond and Harry hates Louis but physically can't stay away from Louis, so they learn to adjust to their new life (make Harry do some really morally grey things please and Louis still be head over heels in love)

~~86. A masterchef fic!! Both Harry and Louis are contestants who get along since day 1. With fun moments but some obstacles, like both being captains of teams! Also like descriptions (?) of their lives off the shows, like getting dinner together after filming an episode or going to a bar with the rest of the contestants (maybe some jealousy there hiki)~~

87. Medieveal (?) AU where Louis was cursed by a witch and becomes a werewolf by midnight, the only way to break the curse is to be with a virgin, but it doesn't seem to be working with any Omega, and he is running out of time. Harry is a

slave who is brought into the kingdom and is taken to Louis' dungeon. Smutty smut werewolf Alpha Louis pls

88. Louis loves how possessive Harry gets when his heat or Louis' rut is approaching. Partly because he gets to be just as possessive back ft. TONS of marking and claiming (scent marking, come/slick marking, bruises/hickies/love marks, growling at outside smells etc.) bonus points if Harry marks Louis' crotch, neck, and wrists with slick right before work and he has to leave absolutely reeking of Harry.

89. Courting AU

Louis is one of many Alphas competing for and attempting to court Harry. Lots of courting gifts that show Louis is a good provider, but also knows and understands Harry, especially compared to the competition. The courting ends when an item (blanket, clothing, rug, etc.) is made by Harry out of an animal pelt provided by his chosen Alpha. If the author doesn't want to make Louis kill something (Maybe Harry doesn't like it?) he could sheer a sheep and present the wool as the pelt. Shifting to wolves would be nice but not necessary.

~~90. Alpha Louis and Omega Harry got stuck in an elevator. Hours passed, they haven't been rescued. Louis asked if he can eat the food Harry has. Harry declined because those chicken wings are for his boss. Louis obliged that he'll pay for it, he's just hungry. Little does he know Harry's boss loves spicy wings and if you have no water to tame the spiciness, Omega's slick can do the job. (face sitting and masochism! As much as it is painful to have a tongue that has chili sauce on it, it's probably more painful to have it on your vulva, but Harry loves pain)~~

91. Everyone thinks Louis is an omega, his fans think he is so it might be true. Every F1 driver was fond of Louis, they LOVED his smell. They decided to do an orgy but little do they know Louis isn't actually an omega, but an enigma and an enigma's scent, if not suppressed can cause Alphas and even Betas to crave an enigma's knot and pups big time.

92. Louis is an Alpha, not many know since his figure says otherwise. But if you see his knot, you'll be surprised! The whole football team wanted a taste of Louis' ass, since they think he's an omega but they saw his sign and his cock?! Best believe, his cock was passed around like a blunt.

93. Enigma Louis needs someone to dominate, power bottom and Omega Harry needs someone to dominate as well. They found each other in a BDSM bar and decided to fight, whoever goes into subspace first, loses!

94. Louis is a famous Alpha rockstar who got into a rut in the middle of the tour and it's really painful and long when he spends it alone. His team suggested a rut service for him for the rest of the tour and enter Harry. At first it's just purely professional between the two of them, but what if Harry, who is under agreement with his company to not fall for his client, is feeling something towards Louis? and Louis also slowly falling for Harry more than that? will they just act as if they didn't have any feelings for each other?

pls insert pining and some touch depri bc Louis is a workaholic who don't date much x

~~95. Business Alpha Louis has a favourite dry cleaner that he uses for his suits. He likes the smell of the detergent they use there. What he doesn't know is that it isn't detergent but Harry, the Omega who works in the back of the shop, who secretly scents Louis' clothes because he fancies him but is too shy to talk to him. (Harry always watches him when Louis is in the shop, one day Harry has to work in the front for whatever reason and Louis comes in) rest is up to the author.~~

~~96. Harry absolutely hates his annoying upstairs neighbor Louis. He's loud, always sarcastic and seems to exist only to irritate Harry. But when Harry starts experiencing dangerous drops from touch deprivation, his doctor advises him to get physical contact with an Alpha to stabilize his Omega. Harry tries but no Alpha can help. His drops don't stop. One day Harry gets stuck in an elevator with Louis. As usual they bicker and fight but then Harry's Omega suddenly reacts strongly to Louis' scent and he starts dropping. To Harry's shock, Louis~~

~~helps him like a total gentleman. With just a simple cuddle, Louis calms Harry's Omega and for the first time, Harry feels like he's healing. Now Harry has to figure out how to convince Louis to agree to occasional cuddle sessions until he fully recovers. So basically Harry hates Louis but the Alpha's scent is the only solution to Harry's dropping problem. Lots of forced proximity and of course ENEMIES TO LOVERS!!!! <3~~

97. In a world where Omegas are so rare, Harry has to hide his true identity to stay out of trouble and goes rogue until Louis' pack accepts him in. Because he wants to be safe, Harry uses suppressants to pass as a Beta and stays quiet as he works hard to earn his place. Louis on the other hand is the pack leader who's also never met an Omega before and is promised to marry the Beta daughter of one of the elders to strengthen alliances or something. But one day Harry's suppressants wear off and Louis catches an intoxicating scent in the air, causing his Alpha to react instantly and uncontrollably. But when he sees the scared Omega he quickly calms his desire down, trying to convince Harry that he's safe. But now two of them have to keep this secret as they try to avoid the irresistible pull their biology forces on them and on top of that Louis is torn between the promise he made to his pack and the Omega his body (and heart) so desperately crave. (Maybe Harry can get his heat and Louis goes almost feral to protect him from hungry Alphas OR Harry helps Louis with his rut and Louis has an otherworldly experience as his previous ruts were spent with betas)

~~98. HIMBO LOUIS PLS~~

~~Both him and Harry (Omega obvs) go to university together and the university has a heat program, Louis is well known across campus through the Omega's for having a big knot that causes everybody to salivate, but he's never had a heat with Harry. Which makes Harry think like something's wrong with him, that the universities sex machine doesn't take an interest to him. Louis is also the captain of the football (soccer) team for the university, and Harry could be like a reporter for the newspaper or photographer for the university and has an assignment to get closer to the team. Or Harry could be a tutor for Louis who's failing some of his classes, they get closer etc. (up to the author) Eventually, they sleep together (also up to the author) But Louis thinks that they're dating, but~~

~~Harry doesn't because Louis is known to be the biggest fuck boy aka HIMO of the campus CUE LOUIS BEING OBSESSED WITH HARRY~~

99. Harry (Omega) is a nepo baby, good at acting but a little spoiled. Louis is a soccer player and doesn't like Harry based of rumors about him.
100. Smut (or fic) where Harry has his heat and during his heat he isn't unsatisfied, but it takes a lot for him to be satiated enough where he doesn't want Louis in him every 5 minutes. Just pillow princess Harry with Louis who fucks him good but is exhausted asl after and Harry still wants more.
101. Harry (Omega) meets Louis on a plane to an award show because they're assigned to sit together and they hit it off (singer Harry, music producer Louis) and they basically become the power couple and Louis helps Harry with his music and obviously smut.
102. Alpha Louis is a lifeguard at a public pond in England. A himbo with a gold of heart who loves to save people and enjoys tanning under the sun. Omega Harry who has a very sensitive sense of smell, decided to swim at that pond on a Sunday, a day where usually no Alphas go for a swim. Little does he know there will be an unsuspected group of Alpha delinquents doing canon balls at the pond, triggering his heat. The delinquents smell Harry's scent and decided to have some fun until Louis saves Harry from them and from his heat as well 😊
103. Louis is secretly an Enigma. In the industry, Enigmas can't be stars due to the origin of them being brutal and feral. Since it's banned to be an Enigma, Louis' team decided to make Louis an Omega since it's more believable due to his physique. They kinda hit a jackpot where the most Alpha of all Alphas wanted to co-star with Louis in this film. Louis agrees since his "untraditional omega attitude" made him not viable to other projects. Co-starring with the most Alpha of all Alphas, aka Harry Styles, shouldn't be a problem unless said Alpha is secretly a virgin Omega who never experienced heat nor arousal before and his team also marketed him towards how his physique is.

104. *Louis Tomlinson has always been the perfect Alpha - strong, confident, and fiercely protective of those he loves. After years away from his sleepy hometown, he returns as a changed man, carrying the weight of a tragic loss and a heart he's unsure can ever bond again. But when he meets Harry Styles, the shy but sharp-tongued Omega who owns the village flower shop, Louis feels something stir deep within him for the first time in years.*

Harry, however, is nothing like the typical Omega. He's independent, guarded, and determined to keep Alphas at arm's length - especially as charming and persistent as Louis. But when a harsh winter storm traps them together during Harry's unplanned heat, Louis must tread carefully balancing his protective instincts with his respect for Harry's boundaries.

Can Louis prove that not all Alphas seek to control, and will Harry let his walls down long enough to believe in the possibility of love again?

107. *An enemies to friends with benefits to lovers AU where Alpha Louis needs to be head of his family's company but his father denies his wish since he's always feral when he's in a rut and Omega Harry wants to be head of his family's company but his mother denies his wish since he doesn't carry any heirs/successors. Both of them hate each other due to a conflict that happened during their childhood but they need each other's bodies to get what they want.*

108. *Inspired by Pretty when I cry by Lana Del Rey (just the title actually) Soulmates A/B/O where Alphas know right away who's their soulmate when they make eye contact. The first time L sees H, he's crying (bc he's afraid he'll never find his soulmate) and then Louis promises (to himself) the only time he'll ever make Harry cry will be because of pleasure. Courting, mating etc. happy ending.*

109. "Everybody knows that I'm a food girl officer"

126. Criminal Alpha Louis & Bounty Hunter Omega Harry, who's keeping his secondary gender a secret and gets sent off to find Louis. Then when Harry finds him he goes into heat or has some serious touch deprivation and then they fall in love.
127. Alpha Louis and Omega Harry and they're costars. They have to act like enemies but are actually very close friends. Harry is one of those friends and suddenly presents as Omega on that vacation. Louis makes sure Harry has everything he needs and when they get back home, Harry's mother invites Louis as thank you and Harry is like super embarrassed by it.

Make it super sweet pls!!! Also make Louis hesitate because of his sisters and stuff until Harry makes the first step!!

129. *Popstar Louis is used to fans swarming him, but one day he notices a quiet, unassuming Omega in the crowd who doesn't seem interested in his fame.
