Class times: 9am to 5pm. Please be on time, classes will start at 9am.

There will be a 1 hour break for lunch each day. There are places in the area that you can get to and back within that hour. I will have a listing of local places and directions to help you out.

Saturday November 18th

Saturday we will be in class all day - Books and other support materials are provided.

Sunday November 19th

We will be down in the range first thing in the morning and then back into the classroom for a short review. We will be working on positions and range etiquette in the range and we will do a little live firing. Please bring with you one of your clubs junior rifles to use, along with a mat, glove, hearing protection, kneeling roll and sling and of course ammo 15-20 rounds. If you have a spotting scope you may bring that also, but not necessary. If you are coming with others from the same club you can share the equipment. You only need to bring the equipment on Sunday. I will not have a place to store it for you. After shooting we will take a break for lunch and when the class resumes we will go into the air range and go over air rifle and electronic targets. You will meet and talk with the advanced shooters and ask questions. They will be working on 3p air for you to observe and question. Finally we will end up in the class to review test questions.

Directions can be found at: www.readinghighpower.com
