### **Katakura Kojuuro:**

Chapter 1:

Ignore everyone that doesn't have bull skull over their heads but, kill the person does have them. Switch to your 2nd skill with R1 for breaking the ice. Then, takeout the boss

Chapter 2:

Buy health upgrade which is the yellow one

Once you get to the person who has a bull skull over their head, Switch to your 2nd skill to make it easier. Jump the barricade to the 2nd person who has a bull skull over their head, Once you get to the bridge kill the guards then kill every person who has a flag over their head. Then, kill the boss.

Chapter 3:

Kill Date Masamune

Chapter 4:

Buy health upgrade

Once you get to the 2nd guards, Switch to your 2nd skill to trigger it faster then kill them with your ult if necessary. Then kill the boss.

Chapter 5:

Do the chapter normally, takeout all the purple things

Before destroying all the purple things jump over set of staircase for minor optimization

This set of staircase

Pick up all the golds from the hostages for Oichi's health later.  
Kill the boss. Good luck.

### **Azai Nagamasa:**

Chapter 1:

Kill the person who has a flag over their head

Do the camps in this order

1, North East

Then after taking over the camps ride the horse to go to next camps

2. North West

3. East

4. South

After kill the boss as normal.

Chapter 2:

Buy health upgrade

Do the chapter normally

Chapter 3:

After killing the guard

Kill everyone to unlock the gate

On the bridge after killing the 3rd guard, build up your ult the use it on the bridge section

Do the chapter normally

Chapter 4:

Buy health upgrade

Kill everyone who has big red circle in the minimap

Do the chapter normally

Chapter 5:

Do the chapter normally

### **Oichi:**

Chapter 1:

Buy health upgrade

Same as Azai chapter 3

After killing the guard

Kill everyone to unlock the gate

Then do it normally

Chapter 2:

Buy health upgrade

Do it normally hopefully you don't die, this chapter could be a run killer so, be careful whenever you have your ult don't wait, activate your ult as soon as possible, time end when your hud disappeared and when everything else surrounding it blurry. GG!

If you don't understand some stuff watch this video:
