PSEO AGREEMENT

Post-Secondary Enrollment Options (PSEO) is a state program for high school Juniors and Seniors. Students can complete some of their high school requirements by taking courses, on a full-time or part-time basis, at a participating colleges/universities. Students must meet specific entrance criteria. Not all students who meet the entrance requirements are ready for PSEO. PSEO students must be responsible, self-starting, mature, and independent. The interested student should set up a meeting with their parents/guardians and school counselor to discuss the pros and cons of participation. For more information, contact the counseling office to schedule an appointment. PSEO students are responsible for being informed of their responsibilities as a DGF student and the ongoing activities of DGF school.

DGF RULES AND INFORMATION FOR PARTICIPANTS IN POST SECONDARY ENROLLMENT OPTIONS (PSEO)

1. The student should work with their school counselor to determine how many credits to take and to make sure they are on track for graduation.
2. The high school counselor needs a copy of your college schedule **prior** to the start of each semester.
3. PSEO courses will transfer to your DGF transcript with the college grade earned.
4. Students must make and attend monthly meetings with the school counselor.
5. Students are responsible for reporting grades throughout the semester to their high school counselor.
6. College academic and attendance complications need to be handled by the college and student. Your high school counselor should be informed, but has no jurisdiction over college matters.
7. Your high school counselor needs to be informed of changes made in your schedule (dropping/adding a course). Dropping or withdrawing from a course after the first initial drop/add time (usually 7-10 days after the semester begins) at the college will result in a "NC" on the student's high school transcript. Be aware of drop deadlines. Missing a deadline could result in an 'F' on your college transcript.
8. Students must be enrolled in the equivalency of 3 high school credits/semester. The district follows a college to high school credit ratio of 4:1.
9. PSEO students can participate in high school events and activities. If a PSEO student chooses to participate in college extra-curricular activities, they are no longer eligible for high school league activities.
10. It is the student's responsibility to stay informed of DGF junior and senior activities and to meet DGF graduation requirements.
11. The district pays for the books necessary for PSEO courses. Students attending MState must first check with Mr. Wiskow to see if she has their book in her PSEO library, if not, the student will purchase the book from the bookstore. At the end of the semester, ALL books get returned to Mr. Wiskow. Students attending MSUM will rent their books. These books must be returned to the bookstore at the end of the semester.

I have read the PSEO Handbook and discussed the PSEO program with my counselor and understand my responsibilities while participating in this program.
