

**Time For Change: An Assessment of Government Policies on Social Mobility
1997-2017**

Just read the forward of the Social mobility report

Page 6-7 under *Our analysis*:

1. What does the report say has improved in terms of social mobility since 1997? Look at unemployment, schools, early years services.
2. Read through Early years, schools, young people and work section of the report from pages 7-8. Summarize two improvements and two negatives for each
3. On page 8 it talks about a spatial divide that has opened up across the country. What is this? Include examples.
