

Cat Mask Pricing

Example gallery at the bottom

If you don't have a reference sheet, or aren't capable of drawing one, I can provide you with lineart to color in so I can know how you want your mask. Do NOT remove my signature from the lineart, and if you use it for anything outside of this commission, you must give credit!

Base Price- \$75

what you get: a felted cat mask painted with up to three colors, one fur color, modified cardboard ears, painted eye mesh(no eye mesh can be requested for no price change), a secure elastic strap, felt teeth, basic felt nose, lined with either fabric of your choice or fleece and extras such as bracelets and stickers.

I can do virtually any species, some might require price changes because of complexity.

I can do artist liberty masks, in which you will pick your add ons and all the features you want, but colors and design will be up to me! This will take \$20 off of whatever your total is.

Add-ons for additional cost

Mystery Accessories-

+\$8

2-3 accessories chosen by me that fit the mask design

Accessories-

+\$5-15

2-3 accessories of your choosing(within reason and if i have access to the necessary supplies. i will let you know what accessory items i have

available. this isn't perfect— there are plenty of exceptions and things that i can do. such as only wanting one accessory— as long as it's not too extravagant— for no extra cost.)

Modified ears-

+\$5-\$25

i can do things like bendable ears, smaller ears, floppy ears. this also includes making ears out of wire and fur, which i'd like to get more practice doing because later on it will be included in my base price as a standard for all my masks.

Antennas-

+\$6

pipe cleaner Antennas that are wiggly

Glittery fur-

+\$5

the fur and felt is sprayed with glitter hair spray which leaves it subtly sparkly

More fur colors-

+\$10 per color

Lmk for rainbow, pricing will be different

if they're colors of fur that i don't already have, the price may vary depending on whether or not i will be painting fur(not recommended, it takes forever and im not very fond of the end result) or if i will have to purchase more fur.

More paint colors-

+\$5 per color

Lmk for things like rainbow, pricing will be different

Experimental add-ons

these add-ons are things that i'm not 100% confident in my abilities of making yet.

Muzzle V1-

+\$30

a canine shaped muzzle made from eva foam with felt teeth and a felt-covered foam nose.

Muzzle V2-

\$45

a canine shaped muzzle made/carved from foam, with stuffed felt teeth and a felt covered foam nose.

Pickable nose for muzzles-

\$10

a felt-covered foam nose that is pickable

We will work out the details and total cost of your commission and you will be added to the waitlist.

When my commissions open, those on the waitlist get priority and will also be the order i work in. If you are on the waitlist and get a slot, but are unable to pay within 3 days, you will lose your slot— if you can't pay, please contact me and i can move you back to the bottom of the waitlist to give you more time. If you decide you don't want the item anymore, please let me know asap so i can remove you from the waitlist.

Examples can be found on my instagram or youtube.
