Hi Mark,

My name is (Name) and I have been a digital marketer for several months, and have recently spent the last three weeks analysing the top 5 brands in the entire yoga industry.

One of the biggest trends I noticed was that all the big players in the yoga industry are generating about 7 figures every 12-18 months from a single platform, plus utilising other game-changing strategies that I would love to share with you, mark.

My current clients have used the exact same strategies to elevate their niche domination, and I can do the same for you.

Your landing page looks magnificent and I love the unique details that you have included such as including all the newspaper articles you've featured in which is a great way to establish credibility. Your sales page had few too little curiosity bullets which I believe is holding you back big time, but we can fix that easily!

I'm currently connecting with other brands in the mens yoga niche but I only have one available space for this program because I only want to invest my time and energy into partnering with, and growing one business in the mens yoga industry.

If you want to partner up and learn my game changing secrets, just send me a quick email and I reply back instantly!
