

Shelfari: Week 2

1. Invite Ms. Casassa as a friend. My user name is scasassa@sau21.org. You will find the Invite Friends tab on the right on your bookshelf.
2. Add your classmates as friends.

3. Look at your classmate's bookshelf. Are they reading any interesting books? If so, search for the books in the search bar above your bookshelf.

The cover of the book you searched will appear.

4. Go to the green edit button below the book. Choose the option "Plan to Read." Then add the book to "I plan to Read. " If you don't think any of those books are interesting, search for an interesting book to add to your shelf!
