9. Tail (part 4)

Host: cherri
Media: Stray Kids (Bangchan)
Style: Raw/Typo
Link: <https://youtu.be/93ghrU75NJY>

Notes: first time I ever edited in 60fps and even though my laptop was screeching the whole time, it managed to keep its cool enough for me to finish! Shocked it did, though, since I was editing some pretty spicy Chan clips...

10. Numb to the Feeling (part 1)

Media: GOT7 (Youngjae)
Style: Raw

Stock footage from Videvo

Notes: Imitation was...something all right. Still fun to edit. Maha and La Rima literally had better chemistry together than they did with the main male lead. Oh, well, that's why we have fanon. I'm happy I could edit them together!

18. I Need You Christmas (part 6)

Media: Love Live

Host: Wonder Studio

Media: Idolish7, Love Live

Style: FX/Raw

Link: <https://youtu.be/VQVblw2ILbo>

Notes: ah yes, the hellish MEP that was Butter. Ended up doing both of these parts as replacements/fill-ins but we managed to get it done after so long! I missed doing this kind of bright raw/fx style, hope I can try it more in the future!

23. The year is 2000 (parts 12 and 22)

Host: Mango Crew

Media: Idolish7, Kill la Kill

Style: Raw

Link: https://youtu.be/cprExFR_iR4

Media: HeartCatch PreCure

Style: Action

Notes: My favorite fight scenes of all time, and my favorite pink Cure. HeartCatch has such a special place in my heart. Also Mango Crew should do another Magical Girl MEP (hint hint).
