FROM THE BEST ASIAN INSTRUCTOR IN THE WORLD

MY NAME IS JAN

And Here Is My Story...

If you have seen my videos, I want to tell you that I was NEVER that guy to begin with...

I've always been a "**socially awkward**" guy back in school...

I never thought I had any chance with pretty girls because at the time,

I believed that it's something **you're born with or you're not**.

Any luck I had with girls back then was simply because they chose me, for whatever reason...

I had always been clueless when it came to getting the girls I really liked.

I wasn't a popular kid in school, and **it really sucked**.

In 2009, I stumbled upon the Pickup Community. It was the beginning of my complete transformation. I discovered that being good with women **is not LUCK or FATE!** It was actually a way of being and a skill set that can be cultivated over a period of time through self improvement and practice. First, it took me 3 years to go from a guy who's absolutely clueless about how to talk to women to pulling hotties from nightclubs on a consistent base. Dating and **sleeping with countless women** that I encountered during the day time. The process I went through to get there was painful, grueling, and definitely worth it. I pushed myself so hard out of my comfort zone that I'd go home and cry in a pillow after. In the beginning, it was especially tough because I dealt with thousands and thousands of rejections and blowouts. I never gave up. I kept pushing my game until I got the results I wanted. I changed my life.

I knew it wasn't going to just end there... I then went on to teach men of all ethnics, all ages, around the world. I want to pass this knowledge, experience and skill to transform their lives. This is the first dating program that I've launched to improve every aspect of your dating and social life. It is literally a complete revelation of everything that made me so successful with women from 2009 up to this point. Through trial and error, I've created a "method/game" that totally works for me. This program is going to teach you how to **create your own "method/game"** and be successful with the women you desire. It is going to change your life forever like how I've changed mine. Except, it's not going to take you years to do it! I have laid out the foundations and blueprint for you to get there within a blink time span. **You can call it a "hack", "shortcut", or whatever you like because it is going to shave years off of your learning curve!**
