

It was previously shared in [Back to School with DCSD Attendance](#), the need for consistency and alignment with our Attendance and SARB Flag processes.

As of Friday, 9/1, Attendance and SARB flags will have a policy similar to how 504s are generated. If there is a date and comment for Exhibit A under the SARB Reporting tab, an attendance flag will be developed overnight.

Similar to Attendance Flags, if a Date is set in the SARB section, a Flag will be generated when IC updates overnight.

The screenshot shows a web application interface with a top navigation bar containing tabs: Assessment, Behavior, Transportation, Fees, Lockers, Athletics, AdHoc Letters, A504 Information, Community Service, GATE Information, Rtl Details, Rtl Reporting, Rtl Details 2, Report Comments, and SARB Reporting (which is currently selected). Below the navigation bar are two buttons: 'Save' (with a green document icon) and 'Delete All' (with a trash can icon). The main content area is titled 'BIE ISEP Allotment Report' and contains a table with the following rows:
