

Vacancy - Local Academic Coordinator

Faculty of Science
University of Colombo

Sungkyunkwan University, South Korea calls applications for the post of TWO (02) Local Academic Coordinators (LACs) for the Leading University Program for International Collaboration (LUPIC) at the Faculty of Science, University of Colombo.

A Local Academic Coordinator will be responsible for coordinating lectures, conducting tutorials, and assist in laboratory sessions for the honors degree program in Biomolecular Sciences and Industrial Biotechnology (BSIB) at the Faculty of Science, University of Colombo.

Requirements:

- A candidate should possess a Bachelor's Special/Honors degree in Molecular Biology/Biochemistry/Biotechnology/Life science or related field with a first or second class (upper division) from a recognized university.
- Proficiency in English
- Those who are having similar previous experience will be given priority.

An attractive salary will be provided to the right candidate. Please note that the selected candidate will sign a contract with Sungkyunkwan University. However, all the privileges as a Demonstrator/Teaching Assistant at University of Colombo will be granted.

Important: Selected candidate should be ready to assume duties within two weeks from the selection date.

To apply for the Local Academic Coordinator position, please submit your resume and cover letter to bsib@sci.cmb.ac.lk on or before May 13, 2025.
