LIST OF EXES/MARIOPASTAS THAT I WONT BE MAKING BIZARRO VARIANS FOR

EXES

JC X:controversial creator (duh)

Original sark: controversial character (maybe I'll do sark prime who knows)

Curse: Controversial creator and lack of interest in the character

NormalCD: both creator and current owner of the character are controversial. Yikes

Canon Xenophanes: lack of interest in the character

Any other rightburst character: they're either lame faker clones or just boring and uninteresting, also rightburst is controversial

Any old nominal characters that haven't been given away: controversial creator and cat doesn't seem to plan on doing anything with them (does not apply to xanthos and unused)

Sonic.OMT: controversial creator, this one kinda sucks cuz I really liked the character :(

Any other colorails: nothing against them, just don't feel like doing it

Sonic.raw: controversial creator and that's an understatement cuz the shit he was drawing was straight up VILE

GreX: controversial creator, this one sucks

Any other michimoomo characters: michi is an alleged sexual assaulter and overall a massive asshole

MARIOPASTAS

Mr.L: controversial creator

Jumperman: controversial creator

Dario: controversial creator

THIS DOESN'T MEAN YOU ARENT ALLOWED TO MAKE YOUR OWN BIZARRO VERSIONS OF THESE CHARACTERS, IT JUST MEANS THAT I WONT MAKE ONE FOR THEM OK BYE
