

Accessible Materials & Technologies: The Why, What & How

Krystle Merry, MS. Ed., NBCT.

Kelli Suding, M.Ed.

Description: In this session, participants will learn about the foundations of accessibility and why it is important in working with students, educators, and families. This session will also introduce various research and evidence-based processes to support accessible practices. Participants will also get multiple tips and tricks and hands-on experience in developing accessible materials.
