

Recently, I was accused by Wiremother, a previous collaborator from the My Life as a Teenage Robot Fanbase, of pedophilia, or the support of pedophiles.

I don't take this allegation lightly, for I'm adamantly against pedophiles, and anyone who knows me is well aware of this.

How did this start? Recently, a member of the community who goes by Retro1029 left the Fanbase in an effort to generate attention towards his artwork. Now, I don't usually give people attention when they're clearly looking for it, and with him I had a personal problem.

Wiremother started contacting me, telling me that I needed to give Retro1029 a pat on the back, in support of his attention seeking. I said no.

This spiralled into a series of nasty messages telling me I've changed, and that I need to message Retro1029.

The day after, Wiremother started asking me about a video I proposed 8 months prior. He thought that I had some sort of obligation to him because he was in voice calls with me when I streamed, and he voiced a character in a video of mine around the same time.

I told him that I wasn't interested in making the video anymore, and admittedly, it is based on his ideas being completely ridiculous (I referred to them as "retarded" in a voice chat once), and my channel rebranded away from that sort of content.

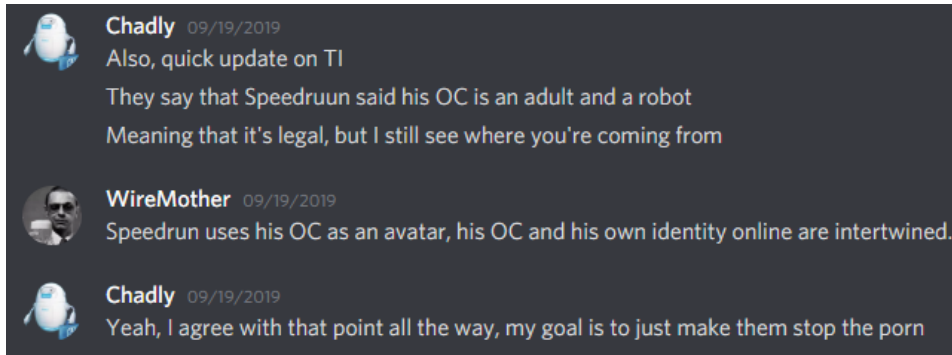

He kept telling me I owed him, so I took him off of my streams. This turned back into him telling me to talk to somebody who I have problems with, and he kept pressing me to tell him my problem with Retro1029. It involved a third party, so I never did.

A day after this, Wiremother is angry about losing his position on my streams. He starts amplifying his position on Retro, and why I should contact him. I tell him no, over and over. He really thinks my business with Retro is also his business.

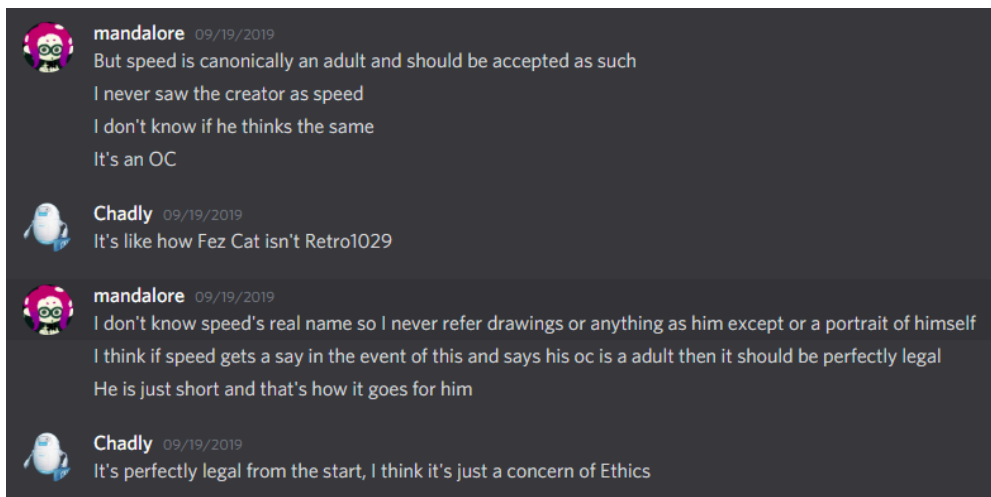

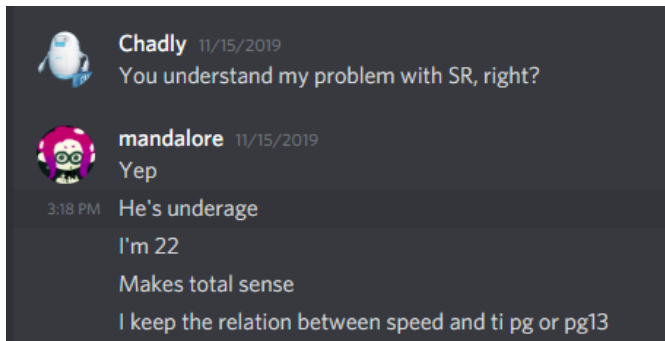

In frustration, Wiremother starts accusing me of allowing a moderator of mine to groom a child. This is a very heavy allegation, and one which I'll deny right here, and right now.

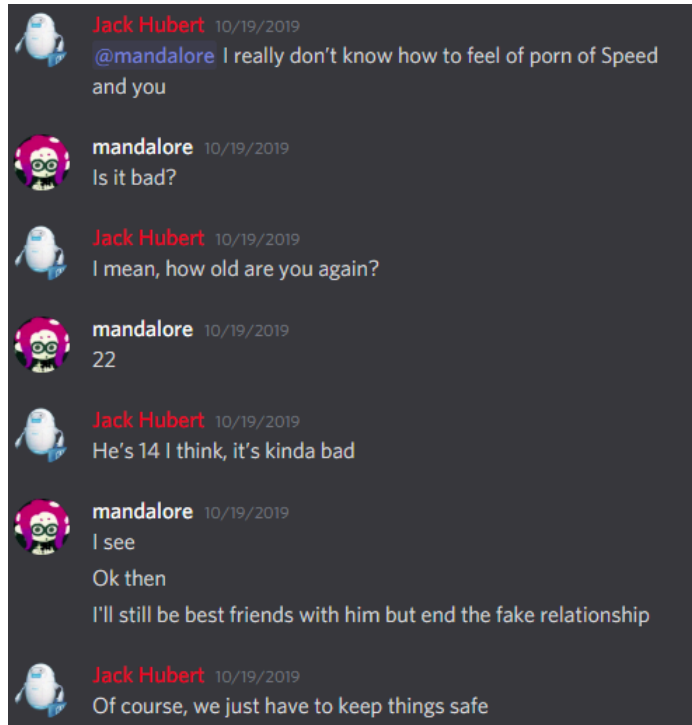

TI83 was a moderator for My Life as a Teenage Robot Fanbase until late 2019 when they were banned for attempting to overthrow me. Now, in Wiremother's mind, because I didn't ban them for talking to a kid, and opted to ban them for trying to overthrow me, I'm an accomplice to them.

However, Wiremother is well aware that I talked to TI83 about this, and you can even see it in this screenshot.

I told TI to stop drawing lewd art of the boy's OC, and guess what... they stopped. If they stopped doing what was wrong, do I have to ban them? That makes no sense to me.

In fact, to this day, I have no real proof of what Tl83 was trying to accomplish, and I cut ties with them after they were banned.

Once they were banned, I dropped all contact with them, but Wiremother thought it was my responsibility to deal with them after it was off my server. That isn't how it works, I'm not a pedo hunter, and I'm definitely not going to go out of my way to deal with someone who's out of the server.

No, Wiremother thought I should learn to read minds instead of banning based on evidence. He wanted me to ban whoever he said to, and I didn't. Evidence is needed before I can go ahead and do something like that.

During my time of knowing Wiremother, he has accused four people of being pedophiles. Tl83, Trytomiss2, SuperEzequielMixel4, and now myself.

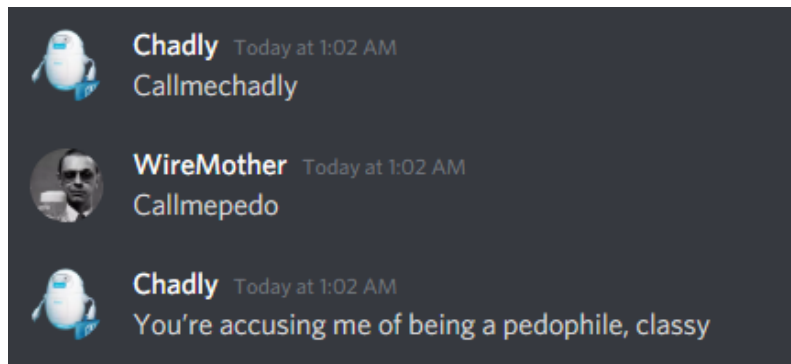

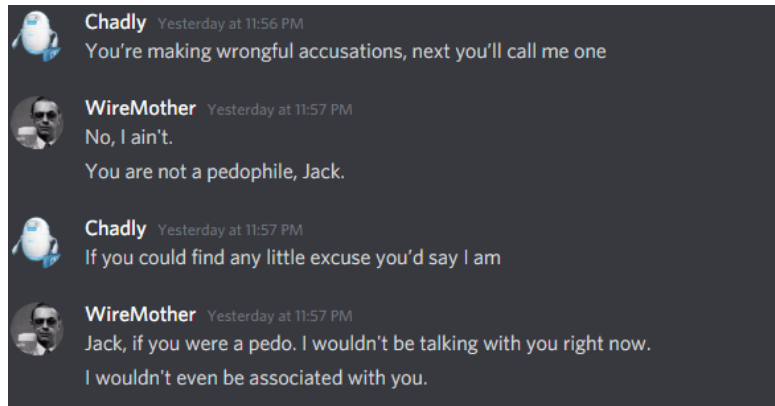

There was limited proof for TI, so I didn't go around calling them a pedophile, with Trytomiss2, I only saw evidence of any pedophilic activity recently (yesterday), so I didn't feel comfortable labelling him as a pedophile until then.

My Life as a Teenage Robot Rebooted and I have been dealing with Ezequiel for months. He introduced a little girl to pornography, attempted to doxx her, and had her do the voices of animated pornstar, Zonetan for him. With all of that in mind, I felt comfortable labelling him as a

pedophile, and we've been dealing with him since. You can ask anyone in the community, and they know about what Ezequiel did... because of my actions against him.

I successfully removed the girl from the equation a few times, but we're still working to stop him for good.

I'm not a pedophile, and Wiremother knows it. Need proof? Here he is saying that I'm not a pedophile MINUTES before he started accusing me of being one.

Why the change in heart? Well that happened because I banned him from the Fanbase after the false accusations against me. This was the decision of the staff from the Fanbase.

Wiremother thinks that enjoying the masterpieces of Hayao Miyazaki makes you a pedophile. You can't reason with this person.

By making someone who there was no evidence of being a pedophile a mod almost a year ago, I'm apparently a pedophile supporter.

I have no patience for people creating allegations of someone being a pedophile with nothing to back it up. Wiremother does this a lot, and he'll do it again.

Thanks to the help of Plants10000, I found out that Wiremother was trying to pull something with Retro1029 to “try to fix me” this was the last nail in the coffin for both of them, and neither are welcome back to my community.

Below, you can see the entire chat log between Wiremother and myself. I think he makes it crystal clear how in the wrong he is.

Making wrongful allegations against someone for being a pedophile is against the law, and it can damage lives. Due to this, I’m sending this to as many associates of him as I can, as a fair warning that he’ll pull this off if you don’t agree with him.

<https://www.hg.org/legal-articles/someone-called-me-a-pedophile-online-can-i-sue-47331>

Now even if you agree with Wiremother’s position (which I really can’t understand), why would he continue talking to me, associating with me and laughing with me months after it happened, now, when I do something inconvenient to him. By his logic wouldn’t that make him a third level pedophile if I was theoretically a pedophile? It’s ridiculous.

Without any evidence, Wiremother sent an email to Frederator, my YouTube partner, labelling me as a pedophile with no proof. This attempt was unsuccessful. Now, I will give you the proof against **HIM**. I didn’t cut any of the messages, even the ones that make me look unprofessional. Make of it as you will.

WireMother 05/13/2020

Jack, I got a question.

Remember the first time we talked and how you wanted to talk about my ideas for MLAATR?
How come we aren't doing that anymore, I was actually looking forward to it.

Chadly 05/13/2020

I got busy, when I was less busy you moved fandoms

WireMother 05/13/2020

I mean, I didn't **move** fandoms.

I had to sort of limit my presence on the fanbase to avoid getting in trouble.

I didn't want to accidentally say something stupid and get removed from MLAATR all together.

Chadly 05/13/2020

Yeah, time just passed

WireMother 05/13/2020

Here, is it completely off the table?

Maybe not now since you're busy and we got the CV-19 out there fucking us all up.

But like, it'd be a real favour for me if we did this video, y'know? I put in the work for you and the boys, and it'd be a nice little thing for the community for me to spill the beans on my rationale.

Chadly 05/13/2020

The video is off the table, too much time has passed, it wouldn't really fit on the channel

WireMother 05/13/2020

Why didn't you contact me while you weren't busy?

Chadly 05/13/2020

I figured you'd approach me about the video, we talked about doing it, but never did
8 months at least have passed, and nothing

WireMother 05/13/2020

We never talked about doing it in public anyway, it was a suggestion you had to me and I was totally down for it.

In fact, I'm adamant on doing it. I ain't asking for this for anything like fame or anything, but it'd be nice to get a little return for putting in the work for you.

Like - voicing Chaos Jenny, doing the streams, the IZ fanboys donating for the animation intro, getting rid of the pedos like Zeke and TI83. It'd just be nice.

Chadly 05/13/2020

No John, if you're looking for a return for your help, I can't provide it

I didn't ask you to get them to donate

Nor did I ask you to do anything about either of them

WireMother 05/13/2020

Is there some underlying reason why you won't do this?

Chadly 05/13/2020

I'm not interested in pursuing the video, and it doesn't fit on the channel

WireMother 05/13/2020

What about an interview then?

Chadly 05/13/2020

No thank you

WireMother 05/13/2020

Why not?

Chadly 05/13/2020

I interviewed people who have been contributing to the community for a long time

The next interview is John Fountain, are you saying you're on the same level as him or Zero? Retsy, Nathan?

WireMother 05/13/2020

Well, you saw me worthy enough to make a video entirely about my ideas on the show.

You saw me worthy enough to invite me on the streams.

Chadly 05/13/2020

John, I recommend you stop now

WireMother 05/13/2020

Jack, I think it's a bit unfair you're suddenly just like 'deal's off' when you called me on to contribute to the community.

Chadly 05/13/2020

Suddenly? How long has it been since i suggested that

I didn't promise to do it, and you're being unreasonable

You can stop now and I'll forget you mentioned it

 **WireMother** 05/13/2020
I am not arguing with you, I don't know why you're asking me to stop. I'm just saying that I believe that it is unfair that you call me onto the streams to help entertain the community, yet you relinquish a suggestion that you and I were both on agreement on out of the blue.
The way you are acting is indicative that there is some underlying reason towards this, and I'd like to find out what the problem is.

 **Chadly** 05/13/2020
I can take you off of them right now if you'd like
If you think it's unfair for me to give you a voice through my streams, I'll take you out of em

 **WireMother** 05/13/2020
You're misconstruing me, you know I genuinely enjoy the streams. That isn't the problem. I just feel as though the community has benefitted from how I've tried to comment on stuff and entertain people.

 **Chadly** 05/13/2020
I think the community has benefitted you
You're pissing me off

 **WireMother** 05/13/2020
The community has benefitted me in the fact that I enjoy everybody there and I thoroughly really like talking to them. Why are you acting so passive-aggressive?

 **Chadly** 05/13/2020
Why aren't you taking no for an answer

 **WireMother** 05/13/2020
I'm totally fine with taking 'no' for an answer, but am I not allowed to have a talk with my friend that I think it is very one-sided that they benefit from my labour, act passive-aggressive to me and are doling out threats when I'm only asking for a valid rationale as to why a video that *they* suggested be cancelled?

 **Chadly** 05/13/2020
Alright man, you won't be contributing your labor anymore

 **WireMother** 05/13/2020
Why are you biting your nose to spite your face?

 **Chadly** 05/13/2020
I'm not interested in making the video, Wire.
And now I'm not interested in collaborating with you anymore

 **WireMother** 05/13/2020
If you're going to cut off collaborating with me because of a mere disagreement, you're acting extremely petty.

 **Chadly** 05/13/2020
You told me you didn't like me benefiting on your labor, so I'll stop right here and right now
You asked for this John, and I'm giving it to you

 **WireMother** 05/13/2020
No, Jack - I like that you benefit from my labour, but it's the problem that I receive nothing in return.

 **Chadly** 05/13/2020
I never promised anything in return

 **WireMother** 05/13/2020
No, you suggested something in return and I happily obliged. Not for the sake of some youtube video, but because I contributed to the community.

 **Chadly** 05/13/2020
You said 4 lines in a video and talked to me in front of people and you expect me to put hours and hours into a video of you rambling about the show? No thank you Wire

 **WireMother** 05/13/2020
The way you have been acting recently, with the whole Fez situation and with this is indicative that you've been acting petty.
You won't give some fucking guy going through emotional problems some fucking Discord roles because you don't want to set a precedent.
Fez put in work for you and you won't even go message him to see if he is alright.
For a 'community' for a 'fanbase', you sure as hell aren't there for Fez when he needs you.

 **Chadly** 05/13/2020
I'm not going to give him the attention he desired

 **WireMother** 05/13/2020
You never acted like an attention whole?
You never acted out of line in your entire life?

 **Chadly** 05/13/2020
In the situations where I did, I wouldn't give myself support
Nobody did, that's how I grew up

 **WireMother** 05/13/2020
Well, that's the problem. I would've been there for you.

 **Chadly** 05/13/2020
That's a mistake

 **WireMother** 05/13/2020
The people who weren't there for you were not your friends, and that is the precedent that is terrible.
Because you should be listened to and given attention when you are going through emotional problems, not just thrown away.
Fez never acted like this during the entirety of his presence on the fanbase and you won't give him some fucking Discord roles?
He's a human being, and this is some Discord about some cartoon robot. He has emotions, and we should **be** there for him.
He's your FRIEND.

9:45 PM I will digress here, but all I ask is that you be there for Fez, same as if you were doing something bad, somebody would be there for you.
And I don't say this out of malice, I say this because I am your friend - I am not your Yesman. I wouldn't be saying this and sacrificing my presence on the fanbase if I didn't genuinely care about the way you are acting.

 **Chadly** 05/13/2020
Wiremother, I'm not telling you my business with fez because it's none of your fucking business, he isn't my friend
I let you back on the fanbase, I didn't need to. I didn't need to let you on my streams, and now you're telling me I owe you?
Get out of here (edited)

 **Chadly** Yesterday at 11:42 PM
Use your words, tell me why my business with Fez is yours

 **WireMother** Yesterday at 11:42 PM
Your business with Fez is my business because regardless of what you say, Fez did **nothing** to warrant this behaviour of abandoning him.
You know what Fez is going through, this is the **first** time he has ever did this.

 **Chadly** Yesterday at 11:43 PM
Are you fez?

 **WireMother** Yesterday at 11:43 PM
So instead of coming the conclusion that something is wrong, you're calling him an attention whore?

 **Chadly** Yesterday at 11:43 PM
I'm not budging John, I'm not going to tell you why I lost faith in him

 **WireMother** Yesterday at 11:44 PM
Why not?!

If your reason is valid, do you think I wouldn't side with you?

 **Chadly** Yesterday at 11:44 PM
Because it's none of your fucking business

 **WireMother** Yesterday at 11:44 PM
It was none of my business when Andrew was being groomed by one of YOUR mods?
Was it my business then?

 **Chadly** Yesterday at 11:45 PM
I'm not looking to tell anyone personal shit with fez and I expect the same from everyone

 **WireMother** Yesterday at 11:45 PM
Maybe not, but you're extremely selective with what is my business and what isn't.

 **Chadly** Yesterday at 11:45 PM
It sure wasn't, and you still inserted yourself into that

 **WireMother** Yesterday at 11:45 PM
Because you fucking wouldn't.

Chadly Yesterday at 11:45 PM
Fuck you

WireMother Yesterday at 11:45 PM
You didn't give a fuck that Andrew was getting groomed until TI83 turned on your as.s
All you did was say "Hey TI...could you please stop making Andrew draw art of you?"
While I had to fucking tear the poor kid away.
And I could easily say 'Fuck this'.
But I didn't because I give a FUCK about this community and I give a fuck about Fez.
I WOULDN'T be calling you out for making Plants scared, or not comforting Fez or all this other bollocks you've been starting if I didn't CARE about you.

Chadly Yesterday at 11:47 PM
I handled TI

WireMother Yesterday at 11:47 PM
You handled TI?

You gave her a slap on the wrist.

Chadly Yesterday at 11:47 PM
Do you see her in the community?
I might have missed it

WireMother Yesterday at 11:48 PM
Who gave her moderator?
Who gave her the gun to ban me with?
Who gave her the slap on the wrist?
Who only gave a fuck when TI turned on the hand that fed her?

Chadly Yesterday at 11:48 PM
We didn't know she was going to do that, I brought you back, which has clearly been a mistake

WireMother Yesterday at 11:48 PM
You have a short memory of those who fucking stood by and helped you.
You didn't know she was grooming Andrew?
Or you didn't know she was going to turn on you?

Chadly Yesterday at 11:49 PM
I didn't know either

WireMother Yesterday at 11:49 PM
You fucking DID.
I literally TOLD you.

Chadly Yesterday at 11:49 PM
Are you saying I support pedophiles?
After everything I did against Eze

WireMother Yesterday at 11:50 PM
I'm saying you are very fucking selective.
You fucking **knew** that TI was grooming Andrew, because I TOLD you.
Else you wouldn't have WARNED TI?

11:50 PM

The fact is, TI would've never been banned had she not turned against you despite the wicked fucking shite she was doign to Andrew.

Chadly Yesterday at 11:50 PM
John, despite what you think, you aren't Jesus

WireMother Yesterday at 11:51 PM
I never said I fucking WAS.

Chadly Yesterday at 11:51 PM
I can't just say, oh wiremother thinks she's a pedo, let's ban her
I had to make sure

WireMother Yesterday at 11:51 PM
Oh, so the evidence in XJ69 wasn't enough?
You are so totalitarian about precedents.
Is fine to ban politics, but let's keep XJ69.

Chadly Yesterday at 11:52 PM
Oh, and you shipping yourself with a little alien girl isn't pedophilic? It was just their OCs, I needed proof

WireMother Yesterday at 11:52 PM
Which alien girl?

Chadly Yesterday at 11:52 PM
Tak

WireMother Yesterday at 11:52 PM
I literally said I don't like ships?

Chadly Yesterday at 11:52 PM
Don't bullshit me Wiremother

WireMother Yesterday at 11:52 PM
And even then, isn't Tak literally in her fucking hundreds or some shite?
You're a Miyazaki fan.
Don't fucking bollock me.

Chadly Yesterday at 11:53 PM
You don't know shit Wiremother

WireMother Yesterday at 11:53 PM
Because you don't TELL me shite.

Chadly Yesterday at 11:53 PM
You pretend you do and you think that you have some sort of power over time and the community

WireMother Yesterday at 11:53 PM
I don't have **power** over anything in the community.

Chadly Yesterday at 11:53 PM
You went too far, like you always do

WireMother Yesterday at 11:53 PM
I never fucking gave a fuck about power.
You're the one constantly roleplaying as some despot.

Chadly Yesterday at 11:54 PM
You're talking to me like you have something over me
What the fuck does that even mean

WireMother Yesterday at 11:54 PM

I don't have **something** over you.

All you've got to do is be there for Fez and stop acting so fucking petty.

Why are you acting so fucking petty and passive-aggressive lately?

Chadly Yesterday at 11:54 PM

I'm not passive aggressive with you, I'm aggressive with you

11:55 PM

You went too far

WireMother Yesterday at 11:55 PM

Went too far?

Chadly Yesterday at 11:55 PM

You're saying I supported a pedophile, fuck yourself wire

WireMother Yesterday at 11:55 PM

...You made TI mod.

So...

You didn't punish TI for the pedo shit.

You gave her a slap on the wrist.

Chadly Yesterday at 11:55 PM

She's banned John

WireMother Yesterday at 11:55 PM

She's not BANNED for the pedo shit.

She was BANNED for going against you.

You also fucking say Tryto wasn't a pedo, despite the fact he literally posted CP.

Chadly Yesterday at 11:56 PM

You don't have access to the strike sheet

Try to isn't a pedo

WireMother Yesterday at 11:56 PM

Tryto is a pedo.

You're being selective with who is a chomo and who isn't.

Chadly Yesterday at 11:56 PM

You're making wrongful accusations, next you'll call me one

WireMother Yesterday at 11:57 PM

No, I ain't.

You are not a pedophile, Jack.

Chadly Yesterday at 11:57 PM

If you could find any little excuse you'd say I am

WireMother Yesterday at 11:57 PM

Jack, if you were a pedo. I wouldn't be talking with you right now.

I wouldn't even be associated with you.

Chadly Yesterday at 11:57 PM

You ruined our friendship, I had respect for you and you lost it all

WireMother Yesterday at 11:58 PM

Oh, because I ain't a fucking Yesman?

I'm not gonna lick your crack, Jack.

Friends like me come 1 in a million.

Chadly Yesterday at 11:58 PM

I told you to back off and you didn't

WireMother Yesterday at 11:58 PM

Because you NEED to hear this.

You are fragile to the point of not accepting criticism.

Chadly Yesterday at 11:58 PM

I've had other wiremothers before

If I was fragile I'd break

I'm not messaging fez

WireMother Yesterday at 11:59 PM

Other Wiremothers never put in the work I did for you, Jack - I ain't telling you that you OWE me.

Chadly Yesterday at 11:59 PM
I can think of 3

WireMother Yesterday at 11:59 PM
Jack - why do you think I'm telling you all this?

WireMother Today at 12:00 AM
Do you think I'm telling you all of this because I hate you?

Chadly Today at 12:00 AM
You're trying to convince me to tell you my problem with Fez

WireMother Today at 12:01 AM
I am. Because I want to HELP you and Fez.
DO you think I want to see my friends fighting?

Chadly Today at 12:01 AM
You might be able to manipulate the Zim people, but you can't manipulate me

WireMother Today at 12:01 AM
Do you think I want to see you hurt?
Manipulating you?

Chadly Today at 12:01 AM
I haven't talked to fez in months

WireMother Today at 12:01 AM
Trying to MEDIATE is manipulation?
You're doing the exact same thing Fez is doing, trying to push me away.
What fucking BENEFIT do I have from this?

Chadly Today at 12:01 AM
You're over here saying I support pedophiles and you're saying you don't want to see me hurt

WireMother Today at 12:02 AM
I **know** you don't.

Chadly Today at 12:02 AM

You're not going to benefit at all, you'll lose the fanbase if you keep this up

WireMother Today at 12:02 AM

Exactly.

12:02 AM

I am not benefitting from this.

So why the fuck am I doing this?

Chadly Today at 12:02 AM

Neither is Fez

WireMother Today at 12:02 AM

Why am I risking my presence on the fanbase?

Why did I sacrifice my role in the streams?

For the lulz?

Chadly Today at 12:03 AM

You're trying something that failed the first time you tried

You made a pathetic mistake

You severely misjudged me

WireMother Today at 12:03 AM

If being there for you and Fez is pathetic, then I'll take that title.

If not being there for your friends is strong? I'd rather be weak.

You push your friends away, the same thing Fez did. But you can easily break the cycle, but you refuse to.

Chadly Today at 12:04 AM

If you're trying to support me right now, you're doing an awful job

WireMother Today at 12:04 AM

And approving every single thing you do is a good thing?

Chadly Today at 12:04 AM

Seriously, fuck yourself for the TI comment

WireMother Today at 12:04 AM

Fuck me for saving Andrew.

Fuck me for warning you about TI.

Chadly Today at 12:05 AM
You didn't save Andrew
You didn't do shit

WireMother Today at 12:05 AM
Who fucking did?
You?
HOW FUCKING DARE YOU, JACK.
THAT'S A FUCKING LIE.

Chadly Today at 12:05 AM
He saved himself
You just pissed him off in the meantime

WireMother Today at 12:05 AM
Me, Plants and Tic Tac were THERE for him.
I didn't see YOU in that fucking call.

12:05 AM

You weren't comforting him.

Chadly Today at 12:06 AM
Must've missed the invite

WireMother Today at 12:06 AM
I'm gonna drop fucking facts.
You did nothing about TI until she was inconvenient.
That is a **fact**.
You ***didn't*** know about this?
Then how come I did?
Am I clairvoyant?

Chadly Today at 12:07 AM
I suppose I didn't do anything about her, telling her that if she continued she'd get banned
I'm just a YouTuber Wiremother, I'm not his mother

WireMother Today at 12:08 AM
"If you continue, you'll get banned...unless you take it to DMs."
You are in charge of this community, Jack.

Chadly Today at 12:08 AM

Neither are you

I sure am

I take it case by case

WireMother Today at 12:08 AM

So be benevolent, be there for your members.

Care for them.

Chadly Today at 12:08 AM

That's for the staff

WireMother Today at 12:08 AM

If they are acting weird, and this is the first time, something's wrong.

Chadly Today at 12:09 AM

I'm just a YouTuber with a server, the mods and admin look after it

WireMother Today at 12:09 AM

You are very selective about who you are there for and who you ain't.

You don't post in personal chat and go comfort people?

Chadly Today at 12:10 AM

That's my business Wiremother

If you don't like how I handle things, leave

WireMother Today at 12:10 AM

You are selective about what is your business and what isn't.

NO.

THAT'S NOT WHAT YOU SHOULD SAY.

I don't like how you handle things because I know you can do BETTER than this.

Chadly Today at 12:11 AM

And I'm telling you to stop

So please stop

WireMother Today at 12:11 AM

Fine then, Jack. It's over. I tried.

Chadly Today at 12:11 AM

You don't know how to talk to me anymore, sorry I called your retarded ideas retarded
Alright

WireMother Today at 12:12 AM

And I'm sowwy for calling you out on allowing a pedo into the staff team and you doing fuck all about it until it suited you.

Chadly Today at 12:12 AM

It's cool

WireMother Today at 12:13 AM

Gucci.

Chadly Today at 12:13 AM

Make an exposed video to make it better

WireMother Today at 12:13 AM

Pft, do I look like Eze?

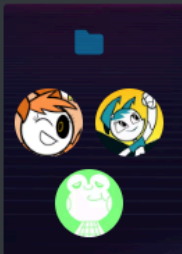

Chadly Today at 12:13 AM

That's true

Even through all of this, I couldn't compare you to him in any way

WireMother Today at 12:59 AM

Thank you, Jack.

You've just legitimized this entire thing.

You've proven me right.

Chadly Today at 1:01 AM

The staff told me it was the best move

Should've kept TI's strikes

You're Viewing Older Messages

Chadly Today at 1:02 AM

Whatever you say, John

WireMother Today at 1:02 AM

Don't call me John, Jack.

Chadly Today at 1:02 AM

This is the end of our relationship together

WireMother Today at 1:02 AM

Thinking you're a big man because you know my name.

Chadly Today at 1:02 AM

WireMother Today at 1:02 AM

Callmepedo

Chadly Today at 1:02 AM

You're accusing me of being a pedophile, classy

WireMother Today at 1:02 AM

Yes, Jack Hubert.

You did nothing about TI.

So you are as guilty as her.
