

Until we can rejoin together in social gatherings *safely*, there will be no separate children's classes. Until then, all ages are invited to come to our online Intergenerational Sunday School Class (see below).

Sunday morning Intergenerational Sunday School Class (online). Participate in discussion, reflection, spiritual exercises, and related activities that go with the Lectionary theme each week. In addition, there are new weekly kids' activity sheets, craft, coloring pages and a Family Devotion available by contacting DCcofchrist@gmail.com. Use the kids' activity sheets during the class time or at some other time during the week.

This online class is held each week using Zoom. Link to the Intergenerational class is available by contacting dccofchrist@gmail.com. Participating using Zoom is not difficult. Use a computer or your smartphone for the audio and visual*. There are also links using local phone numbers. When you contact us, let us know what device you will use to access the class and worship. When online, it truly is come as you are. You have to furnish your own coffee and treats, but through Zoom we offer fellowship.

*Security procedures protect our meetings from potential hackers, aka "Zoom Bombing". Passwords and a "Waiting Room" are a vital part of this security.

We open our online homes and our hearts to everyone as you join us each week. We welcome you and offer hospitality as we delve into Jesus's message to his disciples.

Elementary Class, ages 6-11 years old, as well as Junior High and Senior High Classes, ages 12-18 years old, are meeting with the online Intergenerational Sunday School Class.

All who work with children have undergone background checks and youth protection training. They are all Registered Youth Workers in Community of Christ. For more info, visit this link:
