

# The Sun Always Rises Lyrics

## VERSE 1

The sun always rises  
From the night  
From the fight  
From the far off horizon

## VERSE 2

The sun always rises  
Despite the moon  
Despite the gloom  
Despite the night's guises

## VERSE 3

The sun always rises  
Is it weird that I'm sad?  
The sun always rises  
Is it weird that I'm not?  
The sun always rises  
I think you're both in the right  
God, what a long night  
But  
The sun always rises  
The sun always rises  
The sun always rises  
The sun always rises
