LISTENING TRANSCRIPT

Karen
Hi! I'm Karen. I don't really enjoy making things like collages or paper flowers. I like making things I can use, for example, bracelets! I make them all the time and give them to my friends. Today, I'm making a pencil holder using a can. I've got lots of wooden flowers and buttons, so I'm using them to decorate my new pencil holder!

Jill
Hello! My name's Jill. My favourite hobby is playing the piano. I'm also really into arts and crafts. My sister enjoys painting, but I don't find it interesting. I'm interested in making things. Let me tell you how to make a pencil holder using a plastic bottle. It's very easy. First, cut it in half. Then use some coloured paper to make small flowers, and decorate your pencil holder. Ready!

Nadia
Hi! I'm Nadia and I love doing arts and crafts. For our arts-and-crafts class tomorrow, we have to make something using a can. My idea is to make a pencil holder. At the moment, I'm trying to make some flowers to stick on it, so it looks nice, but making paper flowers is not really my thing. Ugh! They're horrible! I know! I can decorate it with lots of different plastic buttons! Red's my favourite colour, but I haven't got any. Anyway, it looks cool!

Caterfield Sports College

Students at Caterfield Sports College study the same subjects as other students, like maths, physics, history, etc., but they do a lot more sport.

Caterfield is a great school. At the beginning of the year, we choose three sports, and we have lots of extra training in these sports. We train with some of the best coaches in the country!

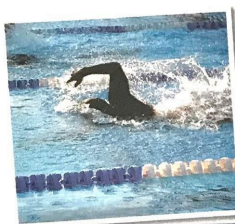

Oliver Saunders, 15

People hear 'sports college' and think it's easy, but that's not true. We start at 8.45 and finish at 3.45, but there are extra sports classes after that, so I don't get home till about 6 p.m. It's hard, but it's great fun!

Jack Barnes, 13

I can't wait to go to school every day. I want to become a professional tennis player, so Caterfield is perfect for me!

Diane Taylor, 12

I love swimming, and the facilities at Caterfield are excellent! My favourite place is the Olympic-size swimming pool. At the end of the school year, our school organises a sports event, and we have swimming competitions with other schools. It's my favourite school tradition!

Mike Gibson, 14

B. Read again and answer the questions.

1. What subjects do students at Caterfield study?
2. Why does Jack stay at school after 3.45?
3. Does Diane like Caterfield?
4. What is Mike's favourite place at school?
