Have studied Data Structures and Logic Design

Education
Santa Clara University: B.S. in Computer Science and Engineering expected May 2025

Stanford University, Summer 2019.
14 hours of credit in Data Structures, Web Design, and Electrical Engineering.

Fort Worth Country Day School, May 2020.
Honor Roll 10th, 11th, 12th grades.

Experience
Chick-fil-A, 2020-2021
Promoted to Trainer and handled IT responsibilities.

Union Gospel Mission
I served lunches at the homeless shelter in Fort Worth several times every year.

Computer Science class
I taught ten fourth graders at Fort Worth Country Day School. I used the online version of Processing as our IDE, and covered basic syntax, variables, and If statements.

Competitive Programming Club
Competed at several high school competitions, including Lockheed Martin Code Quest.

SCU ACM
Participated in multiple CS workshops and hackathons

2021 Inrix Hackathon
My team won the 2021 SCU Inrix Hackathon. I worked on the backend. Devpost

2022 SCU Hack for Humanity
My team participated in the 2022 SCU Hack for Humanity. I worked on the frontend using flutter to help build the UI. Devpost
