

Lanes
VETS

your route to a healthier pet...

I give permission for Miss Porter to use her veterinary service for emergency treatment while my pets are under her care.

I understand that all veterinary treatment has risks and I give permission for Miss Porter to sign acknowledgement of these risks on my behalf.

Lanes Vets will discuss minor treatment and procedure with Miss Porter to gain consent. If major treatment and procedures are required, Lanes Vets would try to contact the owner for consent. If we are unable to contact the owner, then we would have to accept permission from Miss Porter as consent.

I have informed Miss Porter of any relevant medical history.
Please also list relevant medical history or medications below.
