

# Justice Responds To Pidgeon

"I can't believe I have to lower myself to even acknowledge that the Conspiracy Pigeon may actually exist... But after reading his outlandish claims that I am an alien, I have no choice. I have to speak my truth!"

"Firstly, let's correct these nonsensical claims by Pigeon that I'm mentally challenged. I'm not! I'm very smart. I'm so smart that I refuse to spell Pigeon as Pidgeon. We don't live in England during the dark ages! Pigeon can be as archaic as he likes. I prefer to live in the modern world! Get with the times, Pigeon!"

"Then he claims that Hanna-Maria and I are no longer together and that I've been getting close and personal to a skeleton and an alien? Lies! Lies! And more damned lies!"

"I admit those photographs of me are a little bit suspect. But Pigeon is taking everything out of context! What he fails to mention is who was taking those photos. He probably never even bothered to find out. Would it shock him to know that Hanna-Maria was behind the camera? Did he even consider that everything that happened was consensual?"

"I will briefly touch on the photograph of me in a flying saucer. I can't say much, because I have signed an NDA regarding this. But what I will say is that I'm no alien, but I am friends with a certain entrepreneur who likes to send things up into space."

“Finally, let me address the preposterous claims of mind control. His accusation that Hanna-Maria used some type of hypnosis or mind control to become my partner and lover are just slanderous! Pigeon you are walking a very fine line! One more misstep and I’ll sue the feathers off you!”

“In fact, I’ll show you how much I abhor you and all your pigeon friends! Everyone knows pigeons are just like flying rats! They shit on everything!”
