Water box cube 20 mix reef shut down

Hi, everyone. It is so hard to make the decision to sell my reef. I spent lots of time in it, and I love this hobby so much. But life is changing, I have no choices but to go on. I hope I can rehome all of my babies as soon as possible. Here, I list what I have in this water box tank. All of the prices is far low than what I paid (If u guys think the price is not reasonable, PM me and I will adjust for sure). The location is Victoria, I prefer to pick it up. I know many of you guys are from Vancouver, if you are interested in any of the items below, do not hesitate to PM me. I may deliver to Van if I can sell most of them once. Or I can deliver to Swartz bay terminal for free. We will figure it out! Please comment or PM me with what you want! (I would like to sell it to the people who buy more items first, that will save me times). Everyone keep safe and happy reefing! (PS: I will post some pictures, but please let me if u wanna any detailed pictures, I will try my best to reply to everyone)

Best,

Hongming
