Education

Purdue University, West Lafayette, Indiana, USA

May 2021

Bachelor of Arts in Global Studies

GPA: 4.0

Minors: Environmental Politics and Policy, Peace Studies, Spanish

Honors: Charles O. McGaughey Leadership Award (2021)

Professional Experience

Clean Energy Group, Project Manager for Resilient Power

Jan. 2023 – Present

- Advised over 100 communities about solar and energy storage technologies, funding mechanisms, and complementary decarbonization measures.
- Provided technical assistance and policy support about the equitable deployment of clean energy to US advocates, community-based organizations, municipalities, states, and federal agencies.
- Managed two grant programs, awarding \$725,000 to 46 communities in 24 US states since 2023.
- Authored 26 publications, including 18 introductory resources intended for a general audience.
- Supported initiatives that will install solar and energy storage at 125 health centers and will deploy over 120 megawatts of solar to lower energy bills for 31,000 low-income households.

Clean Energy States Alliance, Project Associate

Nov. 2021 – Dec. 2022

- Coordinated with US state agencies, national laboratories, and community-based organizations to identify and address barriers to equitably deploying solar and battery storage.
- Published a first-of-its-kind public-facing database of over 400 community organizations with a focus or interest in clean energy.
- Surveyed over 100 US nonprofits about their perceptions of solar in partnership with MIT's Department of Urban Studies and Planning.

BallotReady, Electoral Researcher

Aug. 2021 – Oct. 2021

- Navigated US county governments to collect data for nonpartisan voter guides.
- Established tools to help advocacy groups inform and mobilize constituents.

RE-volv: People-funded renewable energy nonprofit, Intern

June 2018 – May 2021

- Organized 6 solar education and awareness events reaching over 300 people total.
- Pitched the economic and environmental benefits of solar to 5 nonprofits in Indiana.
- As Campus Team Lead, managed 7 interns to meet community engagement and fundraising goals.

100,000 Strong in the Americas Innovation Fund, Peacebuilding Fellow

Feb. 2019 – Oct. 2019

- Collaboratively designed a community-based peacebuilding project for women in rural Colombia in partnership with representatives from 8 Colombian universities.
- Adopted a transdisciplinary and intersectional approach to peacebuilding, focusing on the varied impacts to mental and physical wellbeing, including from the climate crisis.

Purdue University Policy Research Institute, Research Assistant

Dec. 2017 – Dec. 2018

- Analyzed women's movements over 5 decades in 15 countries, primarily in Africa.

- Compiled and categorized research into 50-page datasheets and summarized findings.

US Congressional Campaign (IN-04), Outreach and Data Entry Intern

June 2018 – July 2018

- Researched and wrote position and policy memos for the candidate, including analyzing local environmental impacts.

Research and Publications

Vieques Microgrid Network: Community Resilience for a Remote Island in Puerto Rico, Report, January 2026.

Boston Medical Center: New England's Largest Safety-Net Hospital Installs Energy Storage, Report, May 2025.

Optimizing Energy Resilience to Support Medically Vulnerable Residents in Multifamily Affordable Housing, Report, February 2025.

Partnering to Reduce Energy Burden: A Michigan Community Solar and Weatherization Pilot, Report, Clean Energy States Alliance, June 2023.

Indigenous Resistance to Environmental Exploitation in Colombia: The Enablers and Constraints of Transnational Advocacy Networks, Undergraduate Thesis, May 2021.

Selected Conferences and Invited Presentations

Presenter/Moderator. Forward Together Wisconsin Annual Convening. "Expanding the Argument for Clean Energy and Decarbonization," "Resilience Hubs: Maintaining Power Through the Storm," (November 2025).

Guest Lecturer. University of New Hampshire's Center for Impact Finance. "Resilient Power Glossary: Key Terms and Concepts," "The Role of Technical Assistance in Solar Development," and "What is the Role of a Technical Assistance Provider?" (2025).

Community Engagement

Climate Reality Project, Mentor

July 2020 – Present

- Trained over 40 people on effective strategies for local environmental advocacy.

Political Science Honor Society, Chapter President at Purdue University

May 2020 – June 2021

- Organized 22 nonpartisan events about civic engagement, US political history, and social and environmental issues featuring 21 guest speakers.
- Increased membership and participation in the organization by 50 percent.

Purdue College of Liberal Arts Recruitment Office, Dean's Ambassador

Feb. 2018 – May 2021

- Represented Purdue at prospective student events, tours, and meetings.
- Conveyed the value of coursework, research, study abroad, and student organizations.

Purdue University Votes Coalition, Student Director

May 2020 – Nov. 2020

- Compiled voting resources and designed a 4-page civic engagement packet.
- Established partnership with over 150 Purdue University classrooms to engage with students directly in discussions about voting.

Purdue Political Science Department, Undergraduate Research Mentor

Oct. 2019 – Feb. 2020

- Mentored 6 students in the function of undergraduate research and guided

group research, analysis, and publication.
