

# ***Basil's Rainmaker \*GLORY\****

## ***Challenge Document***

You didn't complete the challenge, you failed to become what you said you would be, now, you must ask yourself why.

The Rainmaker title in the copywriting campus is one of the most prestigious, exclusive titles you can acquire, the status that comes with it, the confidence you gain when you hold that title, its glorious.

You can be part of this elite group, but you must TRY your BEST, day in and day out.

Will you be left in the dust of your brothers and sisters as we scale the mountain together, while you wallow in your feelings and fear? Or will you join the ranks of the most respected students in campus?

The choice is yours.

Fill this out daily, tag Cole and myself in the #Agoge-Competitions chat.

### **Day 07 (09/10/24)**

#### **Desired Outcome for the Day:**

- Follow-up on both my current client and my new potential client to first start working as much as possible on my current client's website with a goal to complete it as fast as possible. And for the new potential client I'm getting I need to get started on the work and talk with him about it and invoice the payment.

#### **Planned Tasks to Achieve it:**

##### **New lead follow-up:**

- Follow-up on the DM I received yesterday after I went to sleep to make sure I start working with the new client. Said something about social media management so I'll be providing for that today.
- Post the win in the copywriting channel

### **Hadrien (current client work):**

- **Connect with my client via text or call to settle on how we are going to take care of the website profile update.**
- **Complete my client's website update to make sure it's moved from a premium profile to a free one.**
- **Deliver on whatever my client's needs are for today and coordinate with him.**

### **End of the Day Reflection:**

- Here's what I got from today, for my current client I managed to slot in like 3 hours of work on his website and did some good progress but there's still a "learning curve" when it comes to learning the website editor so it's taking me more time than I thought.

I understand that the quicker this website is up the better for me. We already got a total of 16\$ of sales on my current client's online products.

- For the new client I potentially have, it's been chaotic. I can't lie. Right now he's saying things are good to start but hasn't provided me enough info and much to actually work on. We talked about what I would be doing for him but he hasn't provided much insight and cleared everything up for me. I'm also still waiting on his go and invoice. I've learned that this mistake can be swept up to incompetence and laziness but I need to set strong boundaries to make sure he gives me what I need to help him or I'll have to move on.

He confirmed that he would be paying me 200 per month per new client I get for him and then an extra 100 for managing his social media, but we are still not cleared and confirmed so we'll see once he responds. I guess the timezone could have an impact too since he replies to me after midnight but I need to make due with it.

### **The Man/Woman You Are Now vs Who You Want to Be (Keep this the same daily, reminding yourself of who it is you are trying to become) :**

- Now: I'm currently physically strong but not strong enough. I feel as if I'm stronger than the average human but I can't allow myself to fall off unless I want to lose all of my great progress. It's crazy to see how far I've come since I started taking work seriously.

I see myself as well dressed but modest. A strong frame and a strong mind. Little funds but just enough to keep my living costs at a minimum to focus on the most important task at hand, making cash with TRW and building my empire.

I still haven't really technically made a dime in TRW, since I didn't need to use the hustler campus' lessons as I found myself blessed to have enough money to buy the subscription. I'm currently turbo focusing on improving my warm outreach and local outreach skills in order to land bigger and better clients.

Currently I have one client who is one of my long time friends from Turkey, he's a photographer as a side hustle. I'd like to find more clients and especially ones that can pay me for my services with a budget.

- Who You Want to Be: I want to become the king of my bloodline, the family chief, the rock that stands tall in the storm and that people come to to seek shelter and solve their problems. I want to become the problem solver of my family and create strong bonds with them that will last a lifetime.

I want to become a strong, capable and proud father that sets a worthy example for his sons and daughters to be better because we have the choice to.

I want to create an empire that funds my every move, anything I spend money on, anyone I wish to help I can finance or solve their problems since I have so much money I can just throw it at the problem and it'll solve itself. Basically become an abundant individual that doesn't just fulfill themselves with what they have and always searches for ways to have more.

I want to make my family and future kids proud of the man I chose to become. I want to be the product of years of hardship and dedication towards the honorable goal of the pursuit of strength, love and real joy.

I want to be the guy with the giant network that can get things done with speed and efficiency and that people turn towards when they need a favor.

**Your Reason *Why* (make this as compelling as possible, keep this the same and pound it into your skull, so you wake up daily with a clear reason) :**

- My reason WHY is heavily tied into the paragraph above as to what I want to have.

I want to have all of these wonderful things because I want to be the king. I want to be the prodigal son that returns and changes his family bloodline forever. I want to make a difference because I know I wasn't born into this world for no reason.

I understand that everyone that has a bit of drive has a purpose and I think that since I get to choose mine it makes it all the more worth it to make it something that ties into my personal core values such as honor, honesty, perseverance and worshiping the hard path in life.

I know why I want to do this, it's because I want to avoid becoming a person full of regret, full of shame and a small complacent life full of nothing important, significant or meaningful. I've seen too many people choose a life such as that one despite

themselves and I can't say it's something I'm ok doing.

I've always wanted to become this larger and bigger version of myself. When I was young I lived a life of degeneracy and living alone in my room doing basically nothing worth living. After tasting the apple of knowledge and opportunity and changing the programming inside of my mind I simply can't go back.

This is why I must do this. I must become a person people respect, a person people feel duty, honor and pride when talking and looking up to. I can't live a life that isn't worth it and distracting myself from really living. That's what life should be about finding what's REALLY worth living for.
