OLD STUFF:

Topic: **SUSTAINABILITY**. Please help us brainstorm some questions to help guide that chat!

- **Sustainable Learning**: *How do we create learning that grows and lasts?*
- **Sustainable Networks**: *What makes learning networks persist over time?*
- **Sustainable Courses**: *How do you propel your classes from semester to semester?*
- **Sustainable Teaching**: *How do you re-energize and avoid teacher burnout? How do you keep students enthused?*
- **Sustainable Tools**: *How do you evaluate online tools for sustainability?*
- **Sustainable Content**: *How do you sustain open content over time? How is that like/unlike traditional textbooks?*
- **Sustainable Anecdotes**: *What are some open education projects you see as long-term successes?*
- **Sustainable Measures**: What kinds of data and assessment best support sustainability?

Thursday, March 12: **Blog post** with some planning thoughts for Friday March 13 Twitter fest, 9AM Norman. Blog address: http://oudigitools.blogspot.com/2015/03/openteachingou-open-friday-twitter-chat.html
