

This is my official call out and warning

TRIGGER WARNING:

This is sensitive information that may be upsetting to victims of grooming. Talks of sexual abuse/pedophilia and screenshots showing sexual conversations with a minor will be shown.

**Beware of Elliot / Fireclawz /
Chuckysfire / Chuckystar**

This individual is dangerous to underage individuals and should not be allowed in spaces where minors are present whatsoever. If you are a minor, please block him. If you are an adult, please proceed around him with caution.

**PLEASE DO NOT WITCH HUNT THIS
PERSON OR HARASS HIM. THIS IS TO
SPREAD AWARENESS, BE THE BIGGER
PERSON!!! DO NOT HARASS.**

**This is something I should have made
much sooner. I am sorry.**

Elliot is an individual whose online activity has an extensive history, I am actually *unaware* of all of it, just what I know from the day I've met him. I am only going to go over what I know to be 100% fact, anyone who has experienced him in the past is free to add on with their own experiences. I am going to separate the issues into a few separate categories. I apologize in advance, all evidence / screencaps I have will make this document have MANY, MANY pages, but I don't want things inaccessible or hard to see.

Firstly, I'll speak on my own experiences with Elliot.

Because my fallout with him kicked this entire investigation into gear, I feel like I need to address my previous friendship with him first: I'll admit it, I was blind to the signs at first. I didn't really want to demonize someone for having connections with people that may be underage without further information. I was under the impression Elliot was simply an autistic adult, who didn't understand the world as well, and I tried to help guide him. He seemed to have an overall good grasp and understanding of what was and wasn't appropriate to kids. I didn't see any of his previous chat history with underage people or the things he had done at the time I met him and established any sort of friendship.

I began having my own personal issues regarding Elliot's extreme obsession with mpreg and constant mpreg jokes in the Chucky Discord server, where he would publicly say things about mpreg and "mlm chucky" (as he puts it) in places where minors could see. Elliot had made a comment one night that sent me over the edge joking sexually about Chucky being pregnant yet again. That's when I just decided to confront him directly about his mpreg fetish head-on. This final conversation is when me and him finally fell completely out of touch and halted our friendship.

Here is the final conversation I had with Elliot, which with everything I mention later, will make total sense in retrospect: Elliot is inappropriate with kids. And by inappropriate, I mean he is a predator. He is a GROOMER. But prides himself and deflects that he isn't one despite how much he is clearly a danger to kids.

You're being sexual around minors too often tbh
Pregnancy is a fetish

Chucky 🗡️ CHKY 9/25/2025 12:31 AM

I honestly haven't been mentioning it as much as them nowadays

Also even so it's not extremely explicit when i talk and it's like bare minimum that doesn't go against rules

But if you really insist it's that bad

I can tone it down (edited)

halloweenie 🍷 W Me 9/25/2025 12:32 AM

Why do you feel the need to discuss pregnancy with teens and 'get him pregnant'?

It's sexual.

People are going to find that weird

Chucky 🗡️ CHKY 9/25/2025 12:32 AM

I.. never put that in general chat

I've kept that out of general chat 😭

Bro thinks I'm crazier than that

I've never said it with many teens at all and for the ones that I did, they're nearly adults

Italo just turned 18 today btw

If they're 16 and below i draw the line

17 turning 18 this year is okay

Tbf

But if they JUST turned 17 its.. nah.. (edited)

Idc anymore. When someone calls y'all out one day
for being weird with minors I don't wanna hear it.
This is the last you'll hear Abt my opinions
regarding shit in the server

(notice: i censored an emoji because it's from a private server i'm a part of, not really a big deal but i figure someone might question what i censored.)

Elliot proceeds with this whole nothing burger response. Initially, I didn't intend to call him out, but warned him of it if his behavior didn't clear up. How wrong I was. Here is the entire document in full that I sent to him. It will contain evidence of his additional interactions with kids that I called him out on in there.

<https://docs.google.com/document/d/1oVZ4uNFS5bs6hZRPMTd7rwqHVISt77rWMQyxnGRu2mA/edit?usp=sharing>

This document was made **before** other information came to light, specifically, the child he has groomed and the things he said to them privately. All of the private discussions that took place with him were before I knew Elliot's "darker" side, so to speak. I would like to mention though that I was under the impression when I wrote the document that his behavior was ignored by the moderation team. It's been confirmed now that Spark and the other moderators were only aware of SOME of his behavior and threatened his position. Going forward, now that they have since seen the screenshots between him and one of the victims (along with other evidence), **he has since been banned and de-modded.**

A few weeks after my argument with him (early October) one of the people in the Chucky server reached out to me. This individual is being kept anonymous for protection- if you can (somehow) tell who it is and are personally involved- please do not out them.

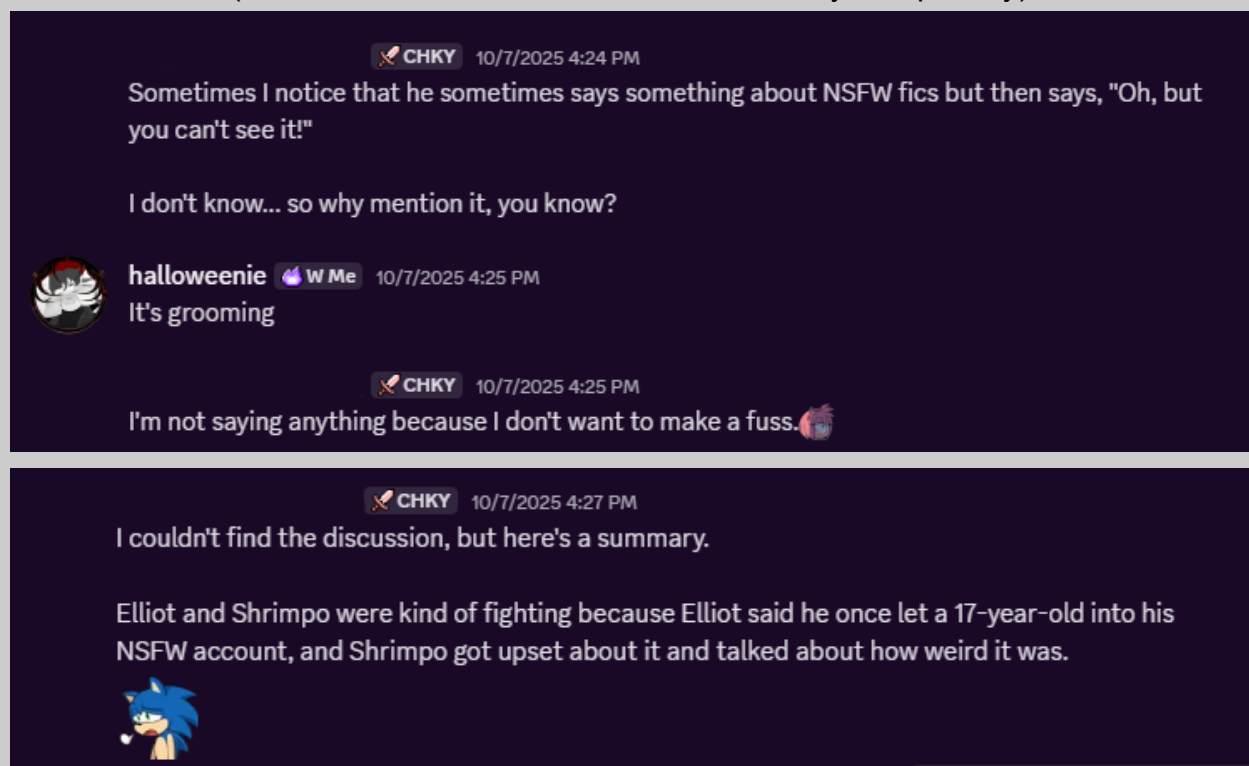

Elliot's grooming of a 14/15 year old child

The following individual is 15 years old, and some of these conversations took place when they were 14

Note: I can understand hesitation to believe this in full due to the anonymity of the individual (if an outsider is reading this), but I think the screenshots of his conversations with him can prove to you with certainty that he knows he is speaking to a child and what he is doing is wrong. Additionally, other people involved can confirm the validity of these screenshots.

Elliot has been in close association with them for a good few months now. They didn't feel like they could come forward out of shame and embarrassment, but have since done so because they want to make sure it doesn't happen to anyone else.

Some snippets of discussion with me regarding Elliot:
(some material has been cut for their safety and privacy)

All of these conversations took place with the individual when they were aged 14, before their 15th birthday.

He is clearly aware they are underage and reassures them he is not weird, while actively participating in inappropriate discussion and discussing his fetish in detail with them while being desperate to disclose he is not sexualizing it.

Discussions that followed after the above between Elliot and this individual:

Everything he says in this conversation is manipulative and dismissive of the hurt he has caused this individual.

When this child was exposed to a video of someone literally dying and came to Elliot for comfort, Elliot near-immediately switched topics and disregarded their distress.

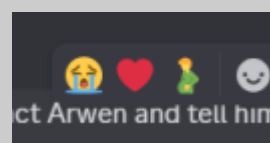

I want to add as a note:

The minor's emojis during the mpreg conversation (grooming)

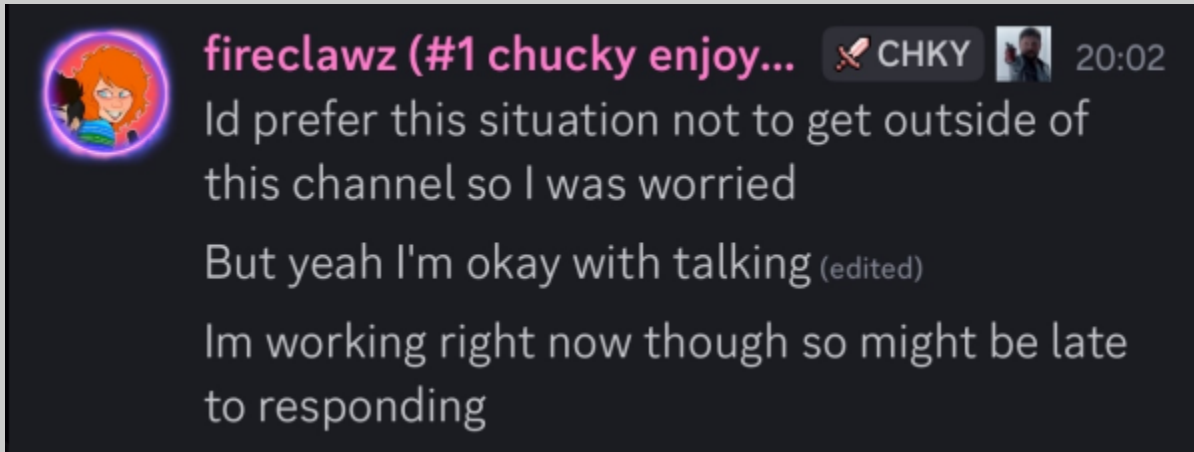

vs after, in later conversation

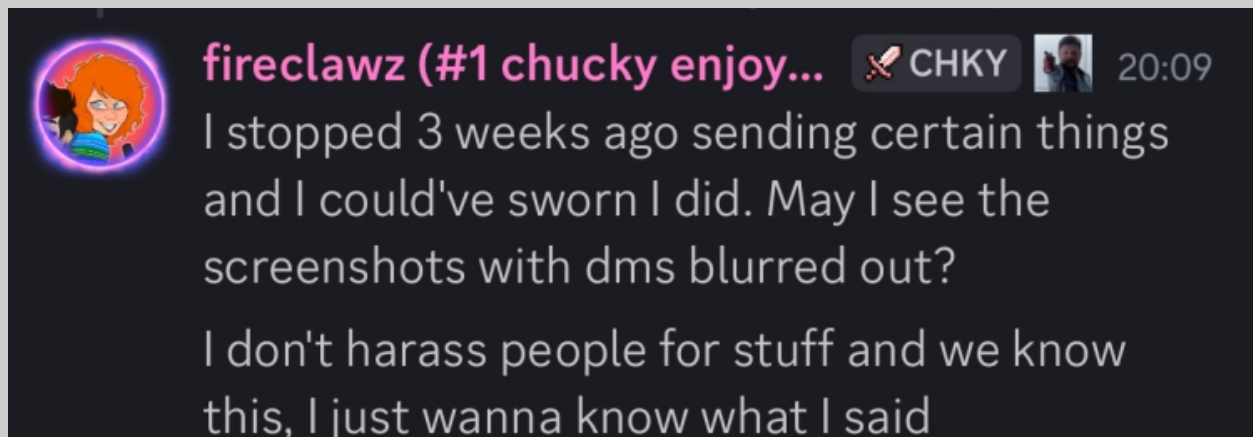

The Moderation team's confrontation towards Elliot

He was confronted about the grooming of this child by the moderation team and his reactions were... interesting.

He cares more about his reputation than about the harm he's caused and the things he's irreparably done to the victim.

He stopped "3 weeks ago" which is supposed to mean... what exactly? That he's "not going to do it anymore" after promising not to do it several times in the past and then doing it anyway?

received screenshots and further information from...

fireclawz (#1 chucky enjoyer) 🔪 CHKY 21:13

Reading through this I believe I have a clue of what you are describing

I do not unfriend people and I am glad whoever reached out to you

I would like to say that I can confirm all but one of these statements are true. The one in question is saying I engaged explicitly. I did technically allow them to discuss this ship but I never directly said the stuff out of the blue, just went along sort of

I can admit I did the wrong thing and for that I will not deny a thing said

I will most definitely delete the server now and maybe up my account age to higher in terms of friends

I just simply wish they could have told me they were uncomfortable with it and I would have taken action sooner

That being said that's not even their fault and I should have asked first thing

I am sorry.

“I simply wish they could have told me they were uncomfortable with it and I would have taken action sooner.” No, you’re the adult in the situation. You’re the one who’s supposed to make sure these conversations never take an ‘uncomfortable’ turn. You’re

supposed to know what is and isn't appropriate to say to a kid- and yet- you took advantage of their trust and led them into a sexually charged conversation regarding your fetish.

like to say that I can confirm all but one of these ...

fireclawz (#1 chucky enjoyer)

CHKY

21:17

When I say out of the blue I mean it was indirectly implied

but I never said the words straight up

That doesn't change nothing and I realize now the terrible things I did

However I do know who the person is by means of your description and I do know what is going on and since I don't want to see them hurt further I will be stopping with these sorts of interactions

I will still remain friends with them *if* they really wish that I should stay friends, but I want to make sure everyone is comfortable

I'm not even going to try and defend myself here because there is no defense to be needed, I can admit that I did 99.9% of these things and I at the time did not bother to ask to see if it was okay to post. Which was mindless and selfish of me

And when you delusionally think you need to keep some sort of friendship with your victim... you disgust me. You should be ashamed of yourself, Elliot.

He afterwards did reach out to the victim personally.

Separate discussion mentioned by the minor that happened publicly in Chucky server:

This is an incident where he argued with Sharky after admitting to allowing a 17 year old in his 18+ space. Isn't really too much of a big deal but... it's always 'what can Elliot get away with'...

Elliot publicly discusses shit he's done HIMSELF!!! Without any self awareness, who would've thought?

I'd like to note that I think Elliot always paints things in a narrative where he looks better than he actually is, and that I don't take his word for at this point that this was a 'misunderstanding' or he was lied to. This is a situation where he claims he "accidentally" dated a 12 year old at 16 that he is still supposedly friends with!

Elliot's sexualization of the Chucky Doll

As a disclaimer, I want to say a couple things before we get into this big debate that can cause fights in the Chucky fandom:

No, I don't really give *much* of a shit if someone's into the doll or not. It's (in my honest opinion) a gray area and I'd much rather put a focus on helping protect real children than **a fictional silicone doll**.

But, considering everything else in this document and Elliot's clear desperation to not be labeled as a pedophile, I'm gonna bring it up, so here we go:

The Chucky doll is (in-universe) based off of the creator of the doll (Wendall)'s real life son, Tommy. A real child who existed in the Chucky universe. **It is created with the look and appeal to resemble a human child.**

 The Creator of The Good Guy Dolls: Wendell Wilkins | Chucky (S3 E8) | SY...
(source for evidence)

The child in question is 3 years old, this is the clip from the show itself confirming the age the doll is supposed to look

<https://www.youtube.com/watch?v=twYKZv6Gpt8&feature=youtu.be>

When it comes to sexualizing the stitched version of the doll, I find it much less taboo and weird considering the stitched makes an effort to deviate from canon design-wise (more unique and original). Although he does have the same physical features, and both him and the original doll (canonically are) anatomically correct through possession, make no mistake that it is very clear that Stitched Chucky's design is (at the very least) possessed by an adult man in comparison to the original doll.

Make no mistake though, Elliot seems to only sexualize the original doll. The one that is more child-like.

Below are comparison images to show what I mean by 'makes an effort to be less child-like' VS the version Elliot prefers.

VS the original version (modernized), where he appears more child-like, and I cannot honestly view him as anything else other than that.)

I just wanted to put my opinion in here. But again, I don't really care either way.

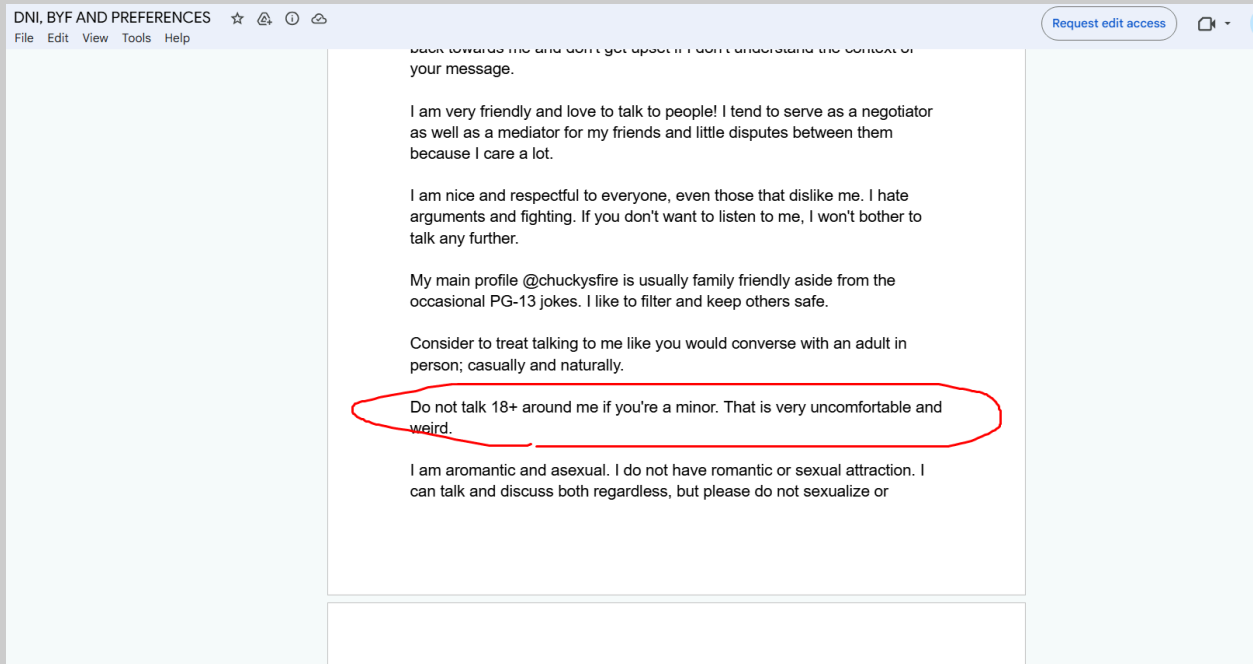

I'm not coming at anyone for it specifically **EXCEPT FOR ELLIOT**, because I think it says a lot about you if this is your behavior online with children when you at the same time state over and over your attraction to this fucking doll + plead not to be seen as weird or a pedophile.

And a defense he has used that I will address that I (regrettably) agreed with in the past without further knowledge/thought:

While yes, it is true there are real adult people who can be seen as "childlike" themselves due to a disability or other issue, I've come to realize this is not an argument that should be roped in with Chucky anymore (and is still one Elliot has brought up *constantly*.) He is still possessing a body modelled in the image of a child and that's just something you have to acknowledge.

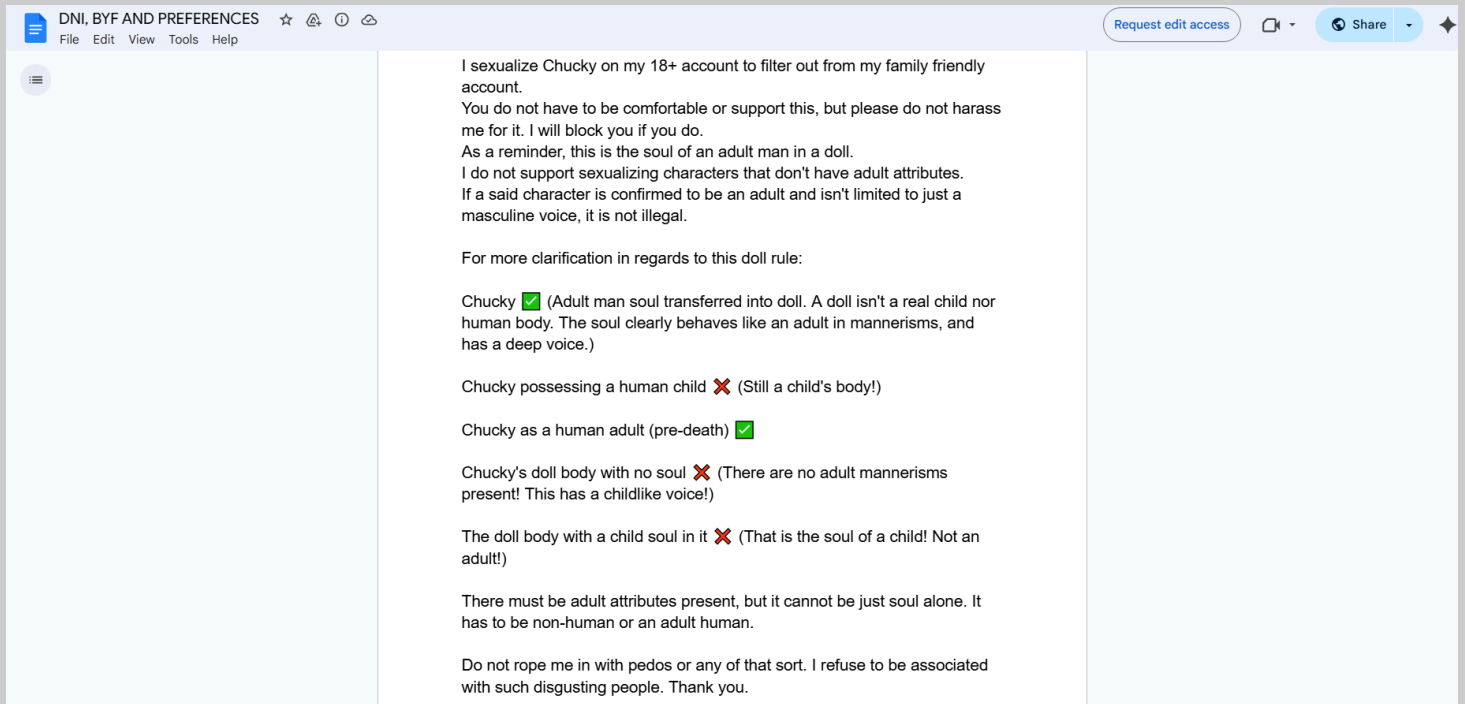

Elliot is very easily offended and upset when people find him weird for sexualizing the Chucky doll. He is desperate not to be labeled as a pedophile, has an entire essay written on his DNI document about how it isn't weird and all of that shit. Elliot states numerous times that he only likes the doll with Chucky inside of it and (as you'll see below) says attraction to the soul is the only thing okay. But then you look at his arguments and DNI and you can't help but wonder a few things.

Firstly, regarding his DNI

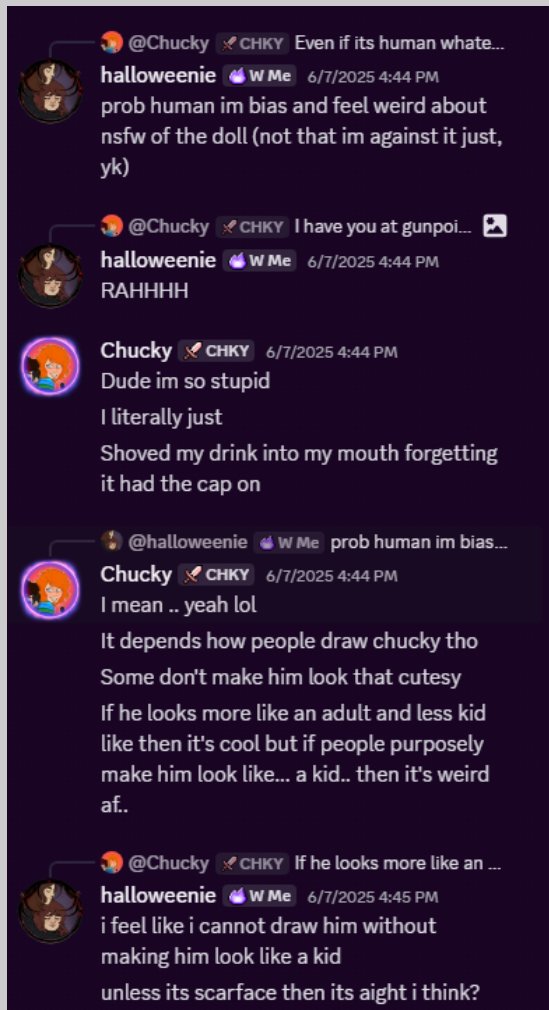

lol

But anyways:

So.... Possessing a child's body, in theory, wouldn't he just also have adult mannerisms? The argument does NOT hold up.

The 'a doll isn't a real child nor a human body' but then 'there are no adult mannerisms present, this has a childlike voice' is an insane switchup.

In private discussions with me, these are the things Elliot said regarding sexualizing the doll as a whole

In this screenshot, he and I are discussing me drawing something NSFW and he asked if it was doll or human

I'm just respectful like that

halloweenie 🍆 W Me 6/20/2025 1:42 AM

I mean part of it is like. I don't find him appealing in that way bc he is modelled after a child. But I also recognize he's a grown man in a doll body that accommodated itself to fit him. He has a penis. He is capable of having sex and canonically did as a doll, I don't see anyone coming after Don for this. Tiffany has kissed him and shown affection to him as a doll. Etc.

nothing about his actions or behavior scream a child to me, and his age regression in your canon isn't sexualized. So it's fine.

Chucky 🍷 CHKY 6/20/2025 1:43 AM

I could also make a point and say I think Elliot is delusional if anything and not attached to his reality because in the same breath he openly says he cannot understand why (in this height comparison photo) Chucky is a 'baby'. Even though the doll has the same proportions as the silhouette lol

halloweenie 🧛 W Me 8/21/2025 11:17 AM

He openly tweets stuff like this too but in the same breath... about the doll, no less.

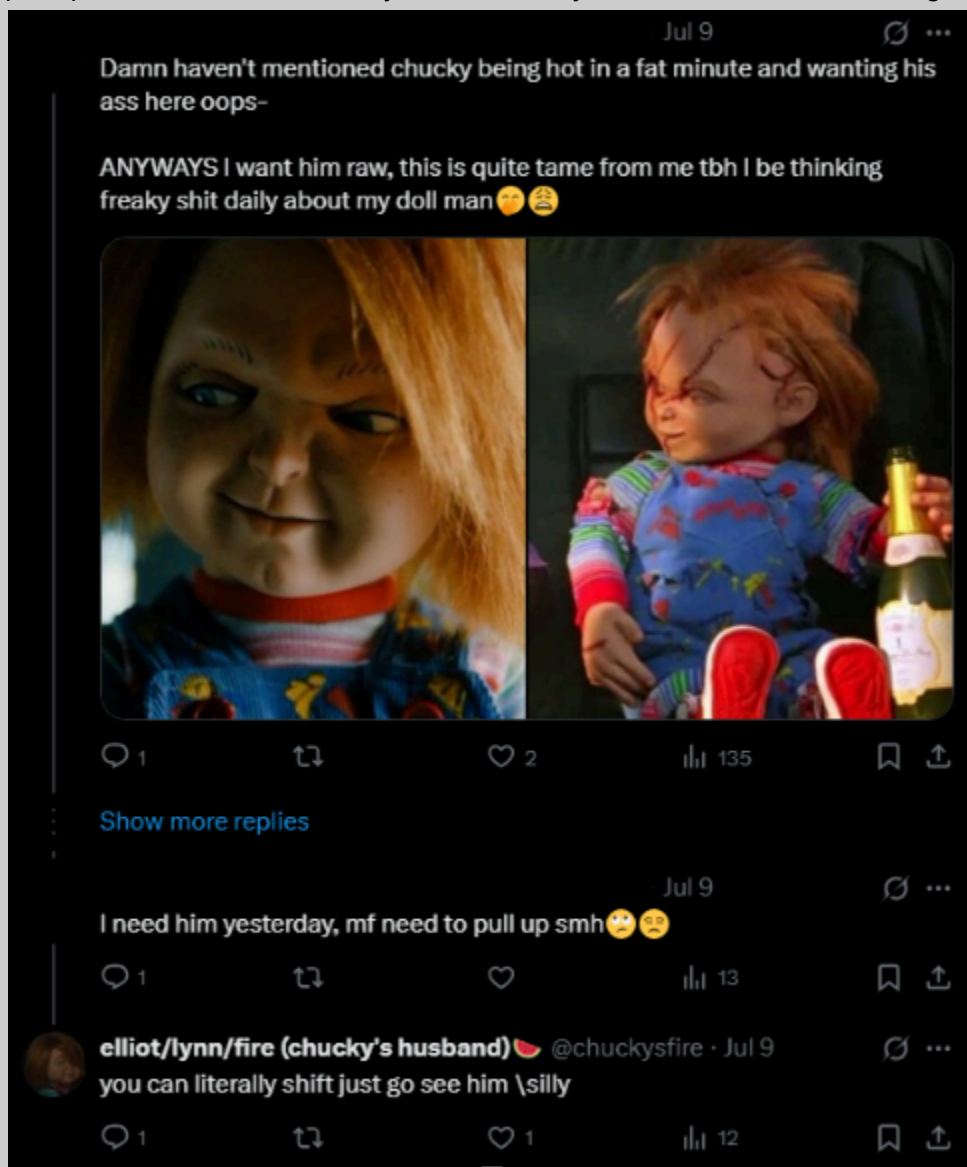

elliott/lynn/fire (chucky's husband) 🍉 @chuckysfire · Jul 26

im gonna chew on him like a dog toy

Engaging in sexual conversations about the doll that I could have sworn you said was pedophilic to sexualize. That you should only be attracted to the soul, right?

To conclude my feelings on Elliot
sexualizing the doll,

I think there are pedophilic behaviors and intentions
behind it for himself. A lot of his arguments don't hold up
or don't make sense if you compare it with his actions.

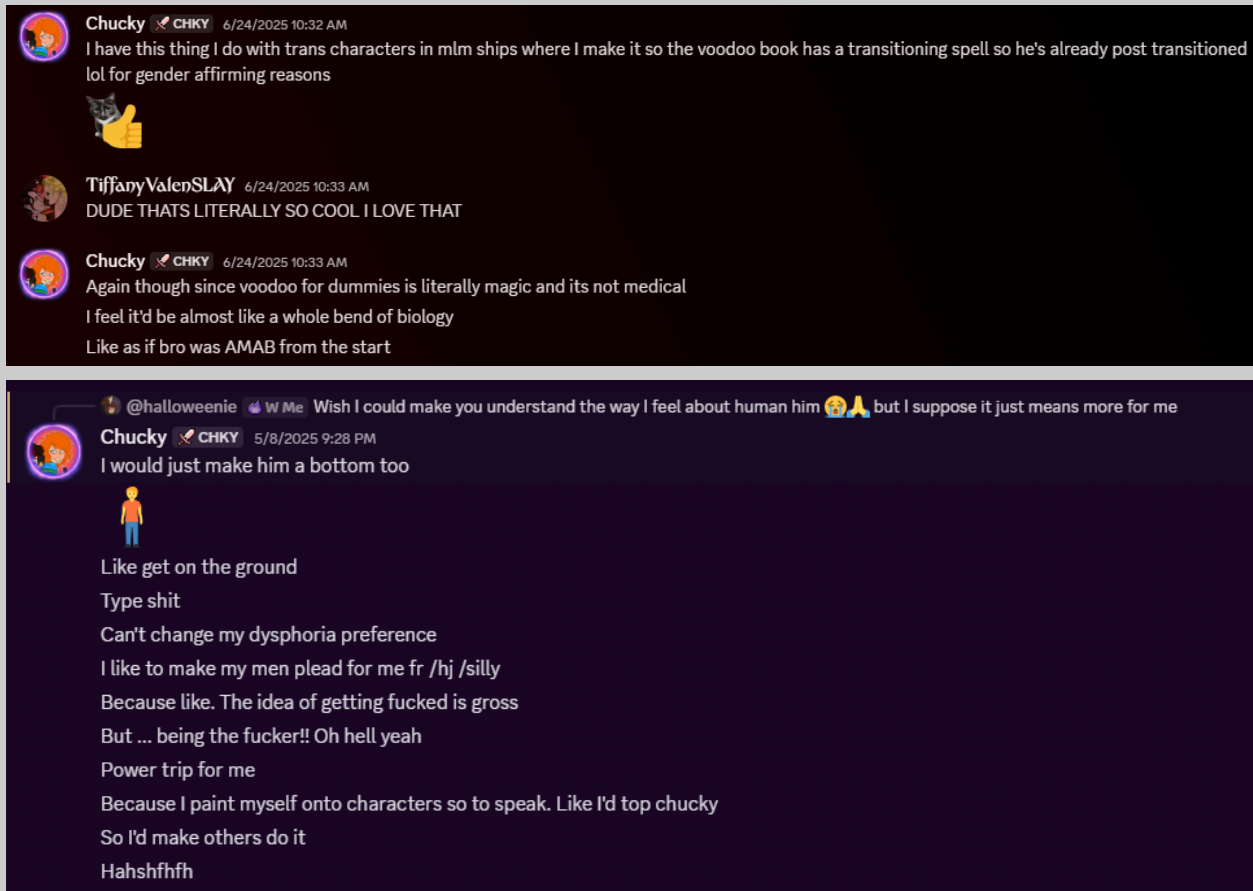

That is why I have brought it up here.

What I want to come out of this information is for Elliot to recognize
this issue head on and address his double standards when it comes to
his attraction to the Chucky doll.

Elliot's fetishization of MLM and mpreg

As a trans man myself, I want to say this much: Identifying as a man does not make this behavior any less weird. There is a clear obsession with MLM, specifically the idea of Chucky being a 'bottom' and (This is so weird and disgusting to just flat out say) "taking dick."

I think both tie in together. He has a huge need for the person with Chucky sexually to have a penis. He (although very briefly to his credit) mentioned an idea of damballa giving my oc (Finley) a dick before. He did it mostly in VC so I don't have much physical evidence of him saying this, however a friend provided a screenshot that shows that this is something that interests him to do with transgender characters. He has also mentioned to me that HIS dysphoria is the reason why he feels this way, which sure, is fine if it's your character or a fictional one- but not someone else's oc! This issue goes into fetish territory when it is something he always discusses and embraces- even in minor spaces. If you look up the amount of times he says the word 'mlm' on any of his social medias, it's a LOT that comes up. I don't think Elliot sees MLM as a relationship but rather something sexually/mentally gratifying.

The screenshot shows a social media thread with three posts. The first post is by 'Chucky' (username CHKY) dated 6/24/2025 10:32 AM, stating: 'I have this thing I do with trans characters in mlm ships where I make it so the voodoo book has a transitioning spell so he's already post transitioned lol for gender affirming reasons'. The second post is by 'TiffanyValenSLAY' dated 6/24/2025 10:33 AM, replying: 'DUDE THATS LITERALLY SO COOL I LOVE THAT'. The third post is by 'Chucky' (username CHKY) dated 6/24/2025 10:33 AM, replying: 'Again though since voodoo for dummies is literally magic and its not medical I feel it'd be almost like a whole bend of biology Like as if bro was AMAB from the start'. Below this is another post by '@halloweenie' (username W Me) dated 5/8/2025 9:28 PM, replying: 'Wish I could make you understand the way I feel about human him 🥺🙏 but I suppose it just means more for me'. The final post is by 'Chucky' (username CHKY) dated 5/8/2025 9:28 PM, replying: 'I would just make him a bottom too'. This post includes a list of text: 'Like get on the ground', 'Type shit', 'Can't change my dysphoria preference', 'I like to make my men plead for me fr /hj /silly', 'Because like. The idea of getting fucked is gross', 'But ... being the fucker!! Oh hell yeah', 'Power trip for me', 'Because I paint myself onto characters so to speak. Like I'd top chucky', 'So I'd make others do it', and 'Hahshffh'.

Elliot's extreme parasocial attachments to the Chucky Cast

Elliot has this idea in his head that he's going to be on the cast of Chucky (he's going into a film degree in college) and that he will be friends with Don. He says this in several chats and talks about Don, Brad, and Fiona as if he knows them personally even though he has only met Fiona and Brad at a meet and greet ONCE. Yes, it is a huge honor to get to meet these people, but it is completely unhinged to be this obsessed over (honestly) strangers. It's giving 'stalker' and is unhealthy- and also makes others around Elliot uncomfortable.

Examples of him talking publicly about these celebrities in casual conversation (as if they're

people he knows, even going as far as to nickname Fiona 'Fi' in some of them?) as well as mentioning borderline harassing them about his need to know 'Bi chucky'.

Nobody knew i did it

Also recording people without their consent in a meet & greet is just very weird and disrespectful. This could lead to legal consequences because it is (in some states/venues) illegal. Granted, this is an AI overview, so take some of it with a grain of salt but I think a few articles below back up some of the points it had to make when I googled it.

✦ AI Overview

Recording a celebrity at a meet-and-greet without their consent can lead to being kicked out, and depending on local laws, could result in legal consequences like fines or civil lawsuits, especially if the recording is shared or used commercially. While the right to record in public spaces is complex, specific event rules and laws like two-party consent states add layers of legal and professional risk. 

Potential consequences

- **Being asked to leave:** Most events have explicit rules against recording, and you will likely be asked to stop and leave the venue if caught.
- **Legal penalties:**
 - **Civil lawsuits:** The celebrity or their team could sue for various reasons, such as a false endorsement or a privacy violation. In some cases, this can lead to a private right of action for civil suits.
 - **Criminal charges:** In states with "two-party consent" laws, secretly recording a conversation is illegal and can lead to fines or even jail time.
- **Professional repercussions:** Using a recording for commercial purposes or sharing it without consent can lead to legal action, such as copyright infringement claims or breach of contract if an agreement was implied. 

What to do instead

- **Ask for permission:** Always ask the celebrity or their handler if you are allowed to take a picture or video. Most are happy to oblige if you ask nicely.
- **Check the rules:** Review the event's policies beforehand to see if they have specific rules about recordings. Some events are very strict and don't allow any photos or videos in certain areas.

What to do instead

- **Ask for permission:** Always ask the celebrity or their handler if you are allowed to take a picture or video. Most are happy to oblige if you ask nicely.
- **Check the rules:** Review the event's policies beforehand to see if they have specific rules about recordings. Some events are very strict and don't allow any photos or videos in certain areas.
- **Be respectful:** Even in public places, recording people without consent is a sensitive issue. A celebrity at a meet-and-greet has a reasonable expectation of privacy in their interactions, so it is best to be respectful and ask first. 

Elliot takes it a step further, not only does he get parasocial with the cast, he harasses social media accounts that are linked to Chucky events.

When he didn't initially get a response, he got angry and jumped to conclusions and tweeted this out.

As if you're not at all weird for bragging about meeting Fiona, who does not know you or have any relation to you outside of that one interaction.

Elliot's other delusions about Chucky and overboard obsession with the character

Elliot has a more extensive history of just pointlessly arguing with people about Chucky and being extremely delusional about the character. Saying that he “knows more about him than anyone else” while also deflecting all of the terrible things Chucky has done as a character.

I want to preface: There's nothing wrong with liking Chucky. Nothing wrong with liking CANON Chucky. Nothing wrong with making AUs where things didn't happen or adjusting him to be less nasty. I've done it, I know many in the fandom do it too! But you cannot sit here and argue with fans about the legitimacy of whether or not he is this or that when it comes to his canon actions.

Not every character has to be good, and it's okay to like characters who do terrible things! But... this is when you take it too far. This is when delusion literally hits the fucking fan.

Chucky is a rapist and throws kids around tho so idk he's up there

@chuckysfire

..rapist? while yes, seed of chucky exists as a shithole of a film, i don't believe chucky is the kind of guy to go around and keep doing that repeatedly.

in a sense, with chucky's twisted morals, i doubt he would willingly want to do that shit all over again

The term is SA i would say that. To call it rape is similar but not quite there. He SA'd jennifer.

it's NOT justified and it's fucking WRONG but as he's a killer with literally barely any morals, he didn't think it through, as he isn't a sane person.

Mj 🍁 -/ HGSN spoilers @yoshikarenga · Jun 23

Imo it doesn't really matter if he'd do it again because once you rape someone you're a rapist for life 🥺 it's not like he's grown morally since he did that either, nor has he shown remorse for it. He's evil 🧛 once you sexually assault someone, you're a sexual predator forever

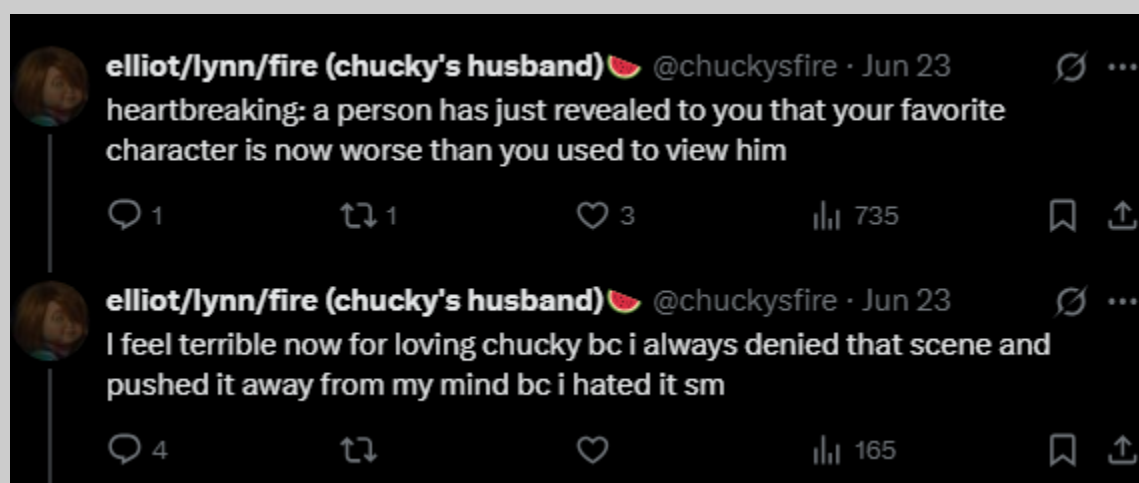

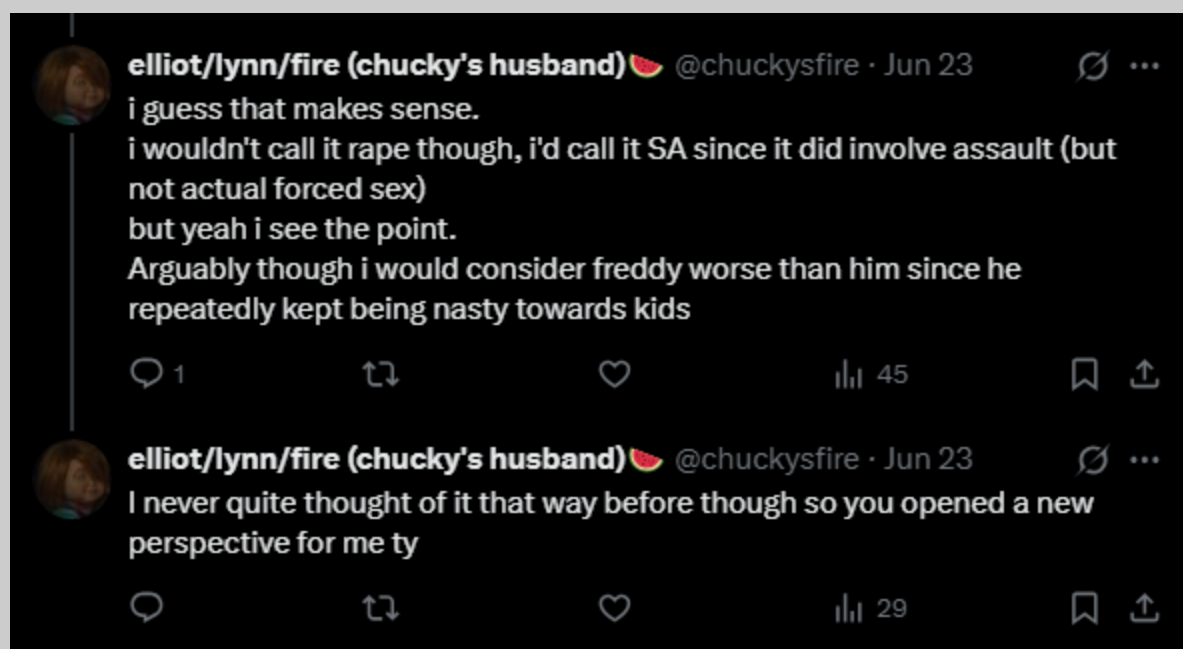

1

But many months before this, he actually addressed it privately with me! About not just Seed of Chucky's SA scenes but Nica being sexually assaulted too! So he's capable of rationalizing in conversation that Chucky is terrible but for some reason just gets so defensive and triggered over a fictional character.

he would highly likely NOT do it often at all or
ever, it was only ONCE that one time because
it was considered "necessary" in their eyes. I
don't see him goin up and doing that again

I cannot fathom arguing this hard over canon facts and trying to show people how “Chucky isn’t as evil as MOST killers! Stop saying he’s as bad as them!” (funny enough, these scs were taken by elliot himself who sent them to me in DMs lol)

Elliot has further delusions about Chucky, going so far as to get mad at people who like Colonel for... being a cannibal?

 ur missing the point

Elliot's past from his own words

I want to put this here, so anyone previously involved with him can give me their side of the story! Knowing what I know now, I'd like to see the full picture and not just one-sided slop. I do wanna note some of the comments I made in response to what he was saying are likely considered insensitive in retrospect and I'd like to apologize. This was all said privately but I'm still going to take accountability for not taking the conversation as seriously as I should have.

If they somehow confirm my suspicions and they're like "oh we don't have one to keep the weirdos out" then ill KNOW damn WELL its about me
I posted a fucking rant of it on one of my privs

So you might be wondering. Who is @chuckysource

Chuckysource is this account that used to be big for Chuckytw and the chucky fandom. The posted news and a lot of content hence their username

They were friends and mutuals with lots and loved by many

I happened to be a mutual\bud

So it started one day when some disgusting stuff happened

Two of my mutuals who talked with him once in a gc made an exposing thread

Wanna know why

Guess what

Chuckysource SEXUALIZED FUCKING MINORS

And guess what, not even fictional. REAL people. REAL minors

Chucky  CHKY 6/4/2025 12:00 AM

Specifically the Chucky actors for the kids

Not just that as well

He was racist and ableist

There was literally screenshots of him talking to my mutuals (who are autistic btw) and said they aren't autistic because they don't act that way.

Also he called Asian people creatures 🥲

Chucky 🍷 CHKY 6/4/2025 12:01 AM

I had no idea this was happening

And i was like

So shocked

And so this is how the shit started to revolve around me

As someone who likes to be a mediator

I was mutuals with the guy and I wanted to verify the legitness of the screenshots

And since I was mutuals with the others too

I tried to talk to either side to get their points of view and mash it together (which usually works for me because i like to be nice and make it make sense)

But it fucked up for me AND people thought i was defending his actions

SO that was point number one and most of my mutuals unfollowed me without even asking

The two who were my mutuals just convinced me and so i eventually blocked chuckysource And showed them proof. So they promised to stay following me bc of that right

They didn't do it, they blocked me too

Those people DID come back to me eventually though (they're still my mutuals now, we just don't talk anymore).

I have their discords though in a gc, every once in a while they text into it

Just like "hey elliot how r u"

I have their discords though in a gc, every once in a while they text into it

Anyways

That was the first part

I think everyone forgave and forgot that part but i still have a deep gut
feeling in my soul that people still hate me for it

okay type to lmk you got that understood

halloweenie 6/4/2025 12:05 AM

ITS SO FUNNY

HE SUCKS DUDE

Im so glad we got rid of his ass off the internet

Im glad sydney and ariel are chill now tho

Those are my semi chill homies

anyways

Next part

So because of that day i felt terrible and abandoned my main

OH WAIT I FORGOT TO ADD

I sexualized chucky once on that main too and people hated that as well but i thought people just hated chucky in general so

I named the new account chuckyph0bic

To avoid the traction

I did make a new account yes

For that

Its gone now but like.

Theres still a remnant of chuckyphobic because i put the tag on my old bi chucky edit

@chuckyph0bia

I had changed it to chuckyph0bia instead of chuckyph0bic after people started to find me again

So uh

Because of my experience in 2021 i was afraid and didn't want the ex mutuals following my new account

Thing is actually

Everyone decided they wanted to forgive me!

So we all became moots again! bc everything died down

It was a calm temporarily before the next storm

They knew it was me all along on the new acc but they were like probably just understanding

Okay so everything was chill after that for a little while but

one day i was feeling very sad and needed to vent bc i had a bad day right

I looked on twitter to see if i could talk to my moots or friends

At this time, Chuckytwit had started to form their own little group

They called it the Hackenslushers

Bc they had some kinda slushie inside joke idk

So uh bc they kept posting about this group all the time

And they never ever really interacted with me

I felt jealous and sad

Because i wanted friends like them

A nice group who cared about me and defended me

Chucky  6/4/2025 12:17 AM

So one day i posted a vent tweet that was indirect

And i said

"Is it just me or is chuckytwit is becoming boring"

it wasnt even to be mean, it was indirectly about me because life was boring for me and i was sad

And yk what happened

The slushers and their friends and my mutuals saw it

And they were like

"erm! no!"

Chucky  6/4/2025 12:20 AM

Part 3 is the season 2 pic spoilers

One day, this magazine company
i forgot what magazine it was

They got early access to season 2 behind the scenes and also episode
images! So it was included with their articles if you got the subscription

Chuckytw (and me) found a way to find them

We searched and found a pdf early of the magazine and decided to post the
images to twitter to show the fandom!

It was honestly an exciting day but here's the thing

I posted a thread of all of them and guess what

Someone did the same thing

Thats usually fine and normal tbh right\

So i thought nothing of it

i wanted to chat with them now that the dust had settled and talk about the
images

Discuss things

But here's the strange part

When i looked at the images again from the other posts

The cropping looked *the exact same* as how I did it

Which is so fucking suspicious

So i thought they stole that from me 😭

Again though it was my mutual so like

I was curious

I commented on it and asked them why they reposted my screenshots

And guess what

They fucking bashed me

Not just them, more people joined in

Their argument was like

Their argument was like

"NOBODY OWNS THE SCREENSHOTS!! THEY ARE NOT YOURS OR MINE, THEY ARE PICTURES

Dude this is about MY CROPPING

So yeah

Lost more friends for that

halloweenie 🔥 W Me 6/4/2025 12:25 AM

You surround yourself with the dumbest fucking people sometimes 😂👉
no offense. But bruh.

Chucky 🍷 CHKY 6/4/2025 12:25 AM

Also one of my mutuals in regards to that post (someone SUPER close to chuckytwt btw, she was like a temporary mediator for me because she was nice to me but also besties with the others, like spark, but worse) was like warning me that this might be the last limit

I talked things out with her about stuff though and she tried to help me when she could though bc my arguments kinda sucked

So it lightened out a little

Not related to part 4 or anything but

That same friend abandoned me when i posted fanart

Wanna know why

She hates furries LMFAO

Like ok bye bitch

I posted fanart of MY FRIEND'S SHIP

in CAT ART STYLE

CATS

THEY WERE FERAL CATS

That was the last straw for her APPARENTLY

to draw humans

And i also mentioned that on the post

And i didnt identify as a furry at the time though

But she commented on it like

"EWWW FURRY"

And then i look at her profile

Blocked.

 @Chucky  She hates furries LMFAO

 halloweenie  6/4/2025 12:28 AM

fucking crazy dude

she was toxic anyways though

Chucky  6/4/2025 12:35 AM

it was unexpected though lowkey i was just happy that night

Bc i was able to leave and go home

So uh

I fell over onto my knee and then landed face first on the ground

Ouch

Okay so after that

I was okay for a little right

SOTP

STOP

THATS NTO

IM NOT DONE'

LSITEN

OKAY SO LOOK IM STILL GETTING INTO IT

my coworkers checked on me that night and were worried

I said i would be fine

So i got to my car and went home

My foot seemed to be fine

Guess what, it wasn't

Later that night when i tried to get up, I fell over

IT HURT SO FUCKING BAD

I COULDNT FUCKING WALK ON MY LEG

I LITERALLY WAS IN SO MUCH DAMN PAIN

I feel like it was my ankle

My ankle was just so bad

it was rlly painful

Chucky  6/4/2025 12:39 AM

Okay so

basically

Later that day when i got home

My mom got me crutches

Theyre in the basement rn btw but i did use them temporarily and figured out how to walk with them for my leg

So uh

Anyways

During this era

I was reminded of Nica

Nica Pierce (edited)

I KNOW I WASNT FULLY DISABLED IT WAS **TEMPORARY BUT**

I love Nica a lot as a character and

I wanted to show a bit of understanding for how she felt

So i posted

"Im feeling like nica pierce rn" or something like that
pic of me with my crutches

Dude

Anywways yeah

Thats it

Now part 5

The final reckoning

This was like one-two months ago and this time it was entirely my fault tbh

Chuckytwrt still hates me but this worsened it

One of the newer members of chuckytwrt, her name is ruby

She was a mutual of mine once for a while and one day blocked me for some fuckass reason

I was curious and wondering why but i paid no mind to it for a little

And one day i saw her on my feed talking to her friends abt chucky stuff for the first time in a while

My brain for some reason was upset about her display name

bc it says #1 chucky stan

And so this is my fault for it so

bc i was so mad dude i didnt think shit out before posting this, it was SO obvious i meant it about her

I posted indirectly without mentioning, said "btw my ex mutual who blocked me isnt a true chucky fan btw"

And i replied to it as well explaining why bc she barely talks about him and doesnt understand him the way i do haha

And she somehow figured out it was me and vague tweeted me

And so everyone got mad at me too lol

Yes okay im stupid and shouldnt have said allat but still

it was mean

I felt bad about it

So i tried to rub it off as being NOT about her and saying it was directed at

But she was like "GIRL THIS IS **CLEARLY** about me"

Also her mutuals were defending her and being like "dont listen to him! youre

didnt DIRECTLY say much to me and phrased things properly but the rest of

The stuff she said was right like

"I wouldn't say the same thing about you"

"why attack me about this smh"

And also she even said to one of her mutuals "like, yes, he is clearly a chucky
fan and that doesnt mean hes any less than me but thats uncalled for"

halloweenie 🍷 W Me 6/4/2025 1:08 AM

Chucky 🍷 CHKY 6/4/2025 1:09 AM

I found it funny though when she said out loud WHY she blocked me though when we WERE mutuals.

Girl fr said "it's kinda like being a selfshipper! But i don't actually ship with him yk. I was jealous"

Like why be jealous of me clearly i wasn't being 100% SERIOUS about being #1 i was just implying bc i wanted to make friends and etc

YES I KNEW IT WAS HARMFUL AND I WAS JUST MAD, i explained several times 😭

I was stupid

Okay

I got carried away

Didnt think to myself

And i caused harm

I fucking hate myself for it to this day but

I really liked ruby as a person because she was sane

And it was just. It hurt me

halloweenie 🍷 W Me 6/4/2025 1:13 AM

Well.... You made yourself look insane 🤡 I can't blame them.

Chucky 🍷 CHKY 6/4/2025 1:13 AM

Thats what i mean

It was bad

Bad idea

I feel ashamed

halloweenie 🍷 W Me 6/4/2025 1:13 AM

Did you ever apologize?

Like publicly and privately to her?

Chucky 🍷 CHKY 6/4/2025 1:14 AM

I cant

she has me blocked dude

halloweenie 🍷 W Me 6/4/2025 1:14 AM

Public apology that tags her / tags her moots ?

Chucky 🍷 CHKY 6/4/2025 1:14 AM

I did talk to spark about it to see if she could talk to her for me because i dont wanna invade privacy

And theyd bash me again

She told me to just leave it alone

And let it die down

bc saying "its not about her" clearly made it worse

And she wants whats best for me

In Conclusion

Elliot is **currently** an unstable predator who should not be in any spaces around minors. He poses a danger to kids online and is no stranger to twisting the narrative to fit his agenda. He is unapologetic for his behavior as you can see by the things he said when confronted with what he's done. He doesn't discriminate on who he harasses when it comes to his strong opinions and is not a pleasant individual to interact with.

This document exists to serve as a warning and hopefully a lesson to him.

Elliot, if you're reading this, I sincerely hope that you are truthful and that you can change for your sake and the sake of others. Make this something about yourself that you look back at and change, I am not doing this to "ruin" you, I am doing this to make you wake the fuck up.

I believe everyone is capable of some redemption, including you, Elliot. But only if you're willing to admit to your mistakes and own up to everything you've said and done. No excuses. Only acceptance.
