

Summary Writing Format

Follow the below points for summary writing of any article

- *Write summary in your own wordings. (Don't copy paste, but you can use specific words as it.)*
- *Summary should be in one page (Two paragraphs)*
- *Summary title (font size 14, bold)*
- *Summary content (Font size 12, Times New Roman , 1.5 spacing)*
- *For paragraph 1, add references where required and make references section at the end of summary.*
- **Paragraph-1 (P1)**
 - *P1 should be 14-16 lines. (Don't include your suggestions/opinion in this paragraph)*
 - *First two lines should be introduction of main domain in the paper.*
 - *In next two lines, highlight the problem statement. How this is the problem within the domain?*
 - *In next two lines, describe the objective of the study.*
 - *In next four lines, describe the proposed model/approach/method.*
 - *In next two lines, highlight the results/success rate (with comparison).*
 - *In next two lines, describe the author's recommendations and future work.*
- **Paragraph-2 (P2)**
 - *P2 should be 5-7 lines.*
 - *Describe your own suggestions and recommendations about the paper.*
