

Science Department

Week 1: 3/23

Activity 1: EXPLORE

Click here to access: <https://zoo.sandiegozoo.org/live-cams>

Task: Go through the live cams and watch some animals in real time. Read through the articles below the video about each group of animals. Write down five things you have learned or are interesting to you.

Activity 2: READ

Click here to access: <https://www.ncbi.nlm.nih.gov/research/coronavirus/>

Task: Covid-19 updates from ncbi- Pick a recent article that interests you. Write a brief summary of the article that includes the following information:

- What scientific question are they trying to answer?
 - What data did they collect?
 - How did they collect their data?
 - What conclusion were they able to come to?
 - What is one new thing you learned from reading the article?
- Please be sure to cite which article you chose in your summary.

Activity 3: PRACTICE

Click here to access: <https://www.khanacademy.org/science>

Task: In Khan Academy you can find activities directly related to the class you are currently enrolled in. Watch the videos and practice using the practice links in each lesson. Aim for mastery level!
