- Recruitment week is next week!
- We have two joint events: a joint puzzle night and joint service night.
- Big reminder about recruitment: our orgs are so similar and obviously people will ask questions about each org, and potentially questions that ask you to compare us. I encourage you to let them know the objective similarities and differences, and tell them that they should go to recruitment events for both orgs to find what is the best fit for them!

TBΣ Vice President of Membership – Jack Bennett

- What Caroline said!
- Also I know we never voted to make any recruitment events mandatory this semester since we haven't been in person, I think we are all responsible enough to make an effort without threat of it being mandatory. That being said if you know you can't make it to any events just shoot me a little message so I know not to expect you.
- Just try to make it to as many events as you can and keep an eye out for some forms for some of our games

KKΨ Vice President of Service – Ethan Minsky

- What jeremy said for joint service night

1. Hey guys, more stuff about making letters of encouragement. I'm think of making letters sometime this week. We can either make letters sometime during this week or next meeting. I'm Thinking each of us could do one homemade letter and we could all sign one custom made letters. So feel free to make letters sometime during this week, but next meeting we will finish making the letters and work on the box to ship the letters.

2. For the box. I was thinking we could all chip in to decorate the box and we could all sign our names :) Another thing with the box. We can make it work like a paddle exchange where Virginia state can keep our box and vice versa that would be cool.
