

Room 10 News - 9/14/25

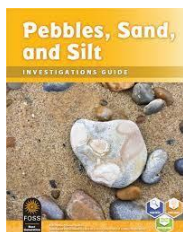

Hi Room 10 Families,

Here are some happenings in the classroom...

Read Alouds by Bill Peet focusing on good readers think while they read. What is the problem and solution?

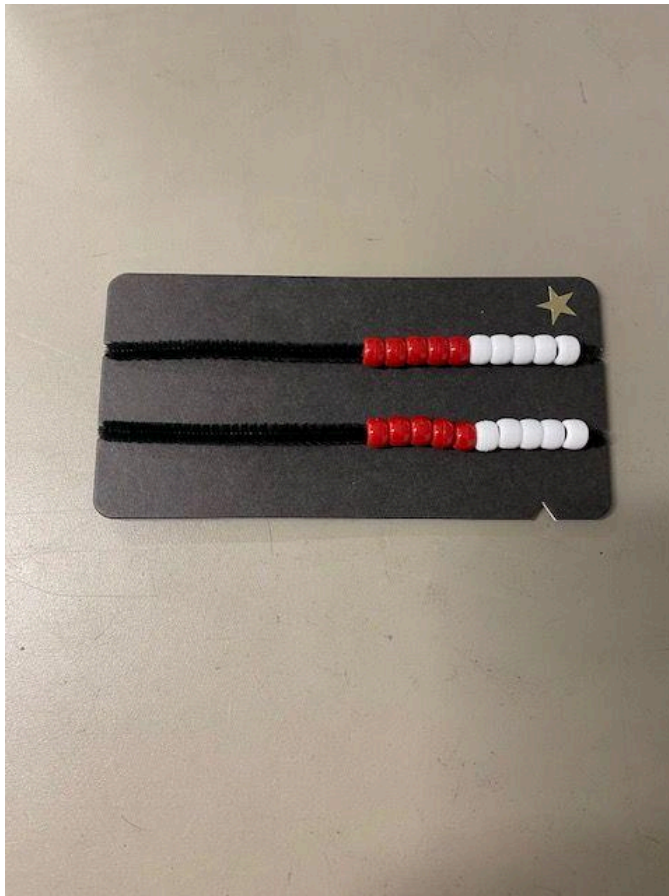

Science - Pebbles, Sand, and Silt

We did some screening on Friday - separating earth materials!

Math - We made our own number racks in class and are using them to find How many ways to make 20?

Writing - We have been learning about informational writing - non fiction writing. This graphic organizer or Informational Pillar has been used during writing lessons.
