

You're the Same As Me

Music & Lyrics by Peter Markes (BMI)

I cause trouble you know me
You wish I didn't exist
But trouble is all that defines me
And yet I fear I wouldn't be missed

I have privilege, advantage
I have a team on my side
My fans support me they love me
But I feel empty inside

Take one look into me now
On the inside you will see
My outsides may deceive you
You're the same as me

The world loves you they hate me
But I need attention too
If rules must be broken I'll do it
If I'll be noticed by you

I have problems not like yours
But problems just the same
Give me a moment perhaps you'll notice
I even have a name

Take one look into me now
On the inside you will see
My outsides may deceive you
You're the same as me

Take one look into me now
On the inside you will see
My outsides may deceive you
You're the same as me
