**Summary:** A sex toy shoppe is known for its beautiful, hand-crafted glass dildos. The showroom floor is filled with many gorgeous toys of different sizes and designs. One toy is very special, and it draws in customers from far and wide. One toy is...***the Chad***.

[WARM]

Welcome, please come in.

Is this your first visit to Glass Action?

[AMUSED]

We get that all the time.

I can help you, or would you prefer to speak to a woman?

I'm (**YOUR NAME**), your glass specialist.

Yes, all our toys are made onsite!

If you look through that window...you can see the owner at work.

She crafts each toy by hand.

And it looks like she's working on...based on those colours...she's crafting a Derek.

Well, blowing, actually.

What she's doing is called glass-blowing.

May I invite you over to our display case to peruse some of our fine wares?

(**FX:** indoor footsteps, with shoes)

No reason to be embarrassed, billions of people buy sex toys!

Do you want me to give you the full run-down so you don't have to ask?

[REASSURING]

I do this every day, it's like talking about the weather to me.  
Are you buying a gift for someone else or for yourself?

[EDUCATIONAL]

The biggest difference between silicone toys and glass toys is that silicone bends.  
Glass doesn't so it's important to find the right shape for your body.

Right, sometimes it takes a bit of trial and error, since people don't always know what they can comfortably use.

And although all sales are final, we do have a customer loyalty program that gives you a discount!

[AMUSED]

Hey, if nothing else, if it's not a good fit, just throw it in the dishwasher and you have a great paperweight, or a new conversation piece for the coffee table.

Yup, dishwasher safe!

Glass toys are easy to clean and sterilize, **and** they're hypoallergenic (hai-po-a-luh-jeh-nuhk).

Exactly.

Glass toys are so pretty, they spice up any home's décor!

That's the Cerise (suh-rees), named for its deep red colour.

It's crafted for people who don't want deep penetration, it's four inches long.

Go ahead, you can pick it up.

(FX: glass dildo clinks)

[EDUCATIONAL]

There's different types of glass.

Sex toys aren't made from the same type of glass as your windows or your kitchen cups.

**This** is borosilicate (bor-o-sil-i-kit) glass which is the most durable.

It's very sturdy, scratch-proof, shatter-proof, **and** can withstand extreme temperature changes.

Up to one hundred and forty-eight degrees Celsius (sel-see-uhs), so it's safe for hot and cold play.

Mhm, shatter-proof.

Your kitchen cups break when you drop them because the shape is a hollow shell, which isn't as durable.

But glass toys are solid, which is why...actually, you go ahead, drop it.

Absolutely serious, drop it on the floor.

(FX: glass dildo lands on the floor)

[PROUD]

Tah-dah!

Glass toys can withstand a lot.

They need to, because when they're inserted, your body can clench and squeeze, right?

[SERIOUS]

In all seriousness, if you ever do drop a glass toy, I recommend replacing it just to be safe, but this one's just a display demo, we've been dropping it for over a year.

Exactly!

Notice how cool it feels in your hand?

Glass toys take a bit to warm up.

When you use glass, if you go straight to insertion it's going to feel cold, which some people like.

If you don't like cold toys though, just warm it up in your hands for a few seconds.

(FX: place dildo on shelf)

This one here is the Michelle, one of our top-sellers.

(FX: glass dildo clinks)

These are 7 inches long and with a slight curve for G-spot stimulation.

With the rich cobalt swirling pattern, each toy is unique, so no two Michelles are exactly the same.

You can use glass toys with or without lube.

We recommend water-based lube because it's the best for sensitive skin, although some people find it dries out faster than other lubes.

If you're not sure what type you like, we sell small tester bottles of each so you can try them.

(FX: place dildo on shelf)

So far you've seen the red and the blue.

Are you looking for a particular colour or shape?

[EXCITED]

**Ahh**, why didn't you say so?

I know **exactly** what you're looking for.

[SERIOUS]

May I present to you...lovingly hand-crafted Tyrian (**ti-ree-uhn**) purple glass...with gold striations spiraling down the shaft to the smoothly bulbous tip; **the Chad**.

This extra-large dildo delivers the length and the width you crave, at 11 inches long...with an insertable length of 10 inches, and a 2-inch girth...weighing in at 860 grams, **this...is the Chad**.

(**FX:** glass dildo clinks)

[PROUD]

Take a moment, drink it in.

(**WAIT A FEW MOMENTS**)

The Chad comes with a satin storage bag **and** a special storage case for the freezer too.

[CONFIDENT]

Now, the Chad can be overwhelming.

It's got a lot of heft to it, and some people prefer something a little bit...less.

That's why we also offer **this...**the Chad SE, for ladies with a more...discerning vagina.

This Sports Edition toy is designed for ladies on the go.

It has a smaller, streamlined design; 6.5 inches long, with an insertable length of 5 inches, 1.1 inch width, **and** only weighs 205 grams, so it's ideal for travel.

What do you think?

[AMUSED]

You can't even get your fingers all the way around it!

Tell you what.

If you're serious about making a purchase, why don't you try it out before you leave?

We've got a private room in the back.

You still have to buy it first though.

It's our special VIP customer lounge.

You get access to the lounge if you join our Glass Action loyalty program, the Icicle Club.

Which is free, by the way!

If you sign up with your email, we send you a message when we have sales or new products, and you get fifty percent off one product in your birthday month.

It's got a few mirrors, a nice big bed with a waterproof cover under the sheets, towels, music, and it's very private.

Club members can use the room for one hour per visit, just you and your new toy.

(**FX:** place dildo on shelf)

[ENTHUSIASTIC]

Excellent!

So what'll it be, the Chad, or one of the smaller toys?

Great choice.

Come on over here and I'll ring you up.

(FX: indoor footsteps, with shoes)

So one Chad, one bottle of water-based lube, one silicon lube, and that's everything?

Okay, will you be paying cash, debit, or credit?

(FX: cash register)

Here's your receipt.

For the Icicle Club perks, put your email here...

(THE LISTENER ENTERS HER EMAIL)

Okay, you'll get the welcome email in a minute.

Please follow me!

(FX: indoor footsteps, with shoes)

(FX: open inside door)

(FX: soft ambient background music begins)

Here you are!

Lock the door and if you're not out in an hour, we'll knock.

Enjoy!

[SURPRISED]

Pardon?

Uh, this really isn't that kind of establishment, Miss.

You have the wrong idea, we just sell toys here, that's it.

[EMBARRASSED]

**Oh.**

Well...thank you.

I think you're very pretty too, but I have to get back to work now, so—

(THE LISTENER SURPRISES YOU WITH A KISS)

(FX: kissing for a few seconds)

[STARTING TO GET INTO IT]

Mmm...

Oh yeah, keep doing that...

[CLEAR THROAT]

Ah-hem.

You obviously need a more personal demonstration.

(FX: shut & lock inside door)

Hand me the Chad, take your clothes off.

(FX: remove clothing)

Get on the bed.

I want you to lay on your back and get yourself warmed up, while I roll up my sleeves...

(FX: roll sleeves up)

And get Chad ready.

(FX: open small box)

(FX: glass dildo clinks)

How does it feel as I run it against your skin?

[AMUSED]

Too cold?

Tell me, do you like cold, or do you like things nice and warm?

(BEGIN RUBBING THE DILDO ON HER NIPPLES)

In that case, I'll just make little circles around your nipples...mmm, **yes you do**.

You like cold **a lot**.

They're already at attention for me and I barely touched them.

Touch your pussy now...

Good, that's it.

[OBSERVATION]

You've got goosebumps.

What if I...run the Chad...all the way...down **here**?

(BEGIN RUBBING THE DILDO EXTERNALLY ON HER PUSSY)

Spread your legs wider so you can get a good look in the mirror.

Mmm, very pretty, isn't it?

Let's try the water-based lube.

(FX: open lube cap)

[AMUSED]

This will feel a little cold too, maybe colder than you're used to.

You jumped!

Don't worry, it'll warm up quickly as I rub it against your pussy.

[HAPPY SIGH]

I love seeing a glass toy at work.

Mmm...

Keep your eyes on the mirror.

Watch how the Chad pushes right up against your clit while I run it back and forth.

Rubbing it over and around your clit like this...making you squirm.

Tell me how it feels.

**Excellent.**

Oh, that's a good spot for you, isn't it?

You like it when I rub it around your clit and **push**.

Yeah you do, you like it **a lot**.

Okay, just lie back, let me and Chad do the work.

Good, good...

(CONTINUE USING THE DILDO, MAKE OCCASIONAL NOISES OF APPRECIATION)

I think you're ready to feel the Chad inside now.  
We'll keep going until you have enough, just tell me when, okay?

Take a deep breath...and let it out...*while I...*

(FX: vaginal penetration with dildo begins) (THE LISTENER IS ON HER BACK, ON A BED)

Give you *just the tip*.  
While I push the Chad inside your pussy like this.

*Mmm.*  
Talk to me, how is it?

*I know.*

Now, tell me how you touch yourself when you're alone.  
Do you like slow, gentle strokes, or fast and deep?  
What makes this beautiful pussy happy?

Alright...

(KEEP THRUSTING THE DILDO AT A SLOW PACE)

(FX: glass dildo clinks)

[CONVERSATIONAL]  
It's not even halfway inside you, by the way.

I'd say you've taken about four inches.

If you want it deeper, keep rubbing your clit and I'll give it to you.

Just like that, good.

Alright sweetheart, relax for me.

How's this?

[AMUSED]  
You still have a ways to go!

It can hurt if you rush yourself with Chad, so you should start slow.  
**Unless**...you **like** the pain of hard, sudden insertion?

[TEASING]

If you do, I'm afraid this demonstration has to remain slow and gentle for customer safety.  
But once you go home...you can thrust it as hard as you like.  
You can absolutely **wreck** this pussy on the Chad if you want to.  
But...it seems that your pussy likes what I'm doing **just fine**.

I think we can go a little faster now...

(THRUSTING SPEEDS UP)

(FX: glass dildo clinks)

Listen to **that**.  
I didn't use **that** much lube, that's **all** you.  
You're loving this, aren't you?

(KEEP THRUSTING THE DILDO FOR A WHILE, WITHOUT DIALOGUE)

Have you had enough?  
Are you convinced of the Chad's magic yet?

Then let me give you a few slow, deep thrusts...  
Let me open you up **wide**.

Your pussy's so hungry for it, look at you!  
I can work it in **so deep** and you keep begging for more, and more...

You're squirming so bad for me.

[SATISFIED]

Fuck I love my job.  
Teasing a beautiful woman, pushing this sweet pussy open wide while you moan and thrash for me?  
You're so turned on, I can see how wet you are now.  
Fuck, I can smell it.  
You're going out of your mind while I fuck you with this toy.

I just **have** to give it to you now.

(MAKE A FEW FAST THRUSTS)

(FX: glass dildo clinks)

How's that?

Are you a believer **now**?

Did I work the Chad in deep enough yet?

Wonderful!

[TEASING]

Should I keep fucking you, or do you have somewhere to be?

Mmm, alright.

(THRUSTING SLOWS DOWN)

You're responding **very** well, I think you and glass toys are a perfect fit.

(KEEP THRUSTING WITHOUT DIALOGUE FOR A WHILE)

Then why don't we stop...

(THRUSTING STOPS)

[AMUSED]

Sweetheart, your pussy doesn't want to let go, but I'm taking it out now.

(REMOVE THE DILDO)

(FX: glass dildo clinks)

[FIRM]

I want you to go home, and spend the rest of the day pleasuring yourself for me, understand?

Perfect.

Now, there's some wet wipes beside you on the table.

I'll clean your toy while you get dressed.

(FX: running water & scrubbing)

I hope you come back soon.

The pleasure was **all** mine.

(FADE-OUT)
