

Requirements for College

Most programs for college require at a minimum ENG4C1 plus at least 6-10 other courses coded 'C', 'U', 'M' or O. Colleges do factor in co-op marks.

There are some one-year programs that do not require a college level English. The minimum requirements (at Fanshawe for example) are: OSSD with courses from the C, U, M or O stream. **Some** examples are:

- ♦ Auto-body repair techniques
- ♦ Pre-technology
- ♦ Flight services
- ♦ Plumbing techniques
- ♦ Welding techniques
- ♦ Design foundations
- ♦ Fine art foundation
- ♦ Hair stylist
