<https://coastalelectrics.com.au/>

WA's Respected Electrical Contractors for more than 30 Years.

For years Coastal Electrics have provided top quality electrical services to Home, Business, Industrial and Mining customers throughout WA. Each of our professional & reliable services has helped us to build long lasting sustainable relationships with the customers.

Welcome to Coastal Electrics

At Coastal Electrics, we differentiate ourselves by making sure we deliver a totally real service to all our customers. By means of giving a total dedication to safe practices, excellent reliability and trust we are actually able to make sure that all of our clients get cost effective and on point solutions.

Together with Coastal Electrics no work is actually small or too big together with a good competent staff, number of expert vehicles and current equipment we can focus on your electrical specifications and utilise all of our comprehensive working experience to provide a tailored service to fit each of our client's needs.

[Coastal Electrics](#) was set up in 1988 by Andrew Guy. Coastal Electrics mainly concentrated on the home market in its very first years of operations before moving to the business and industrial areas in the early 2000s. Since that time Coastal Electrics has generated itself to be a reputable electrical business giving a variety of expert services across several fields in the industry including residential, commercial, industrial and mining.

With a good qualified workforce, fleet of specialist vehicles and current equipment we all can meet the needs of all of your electrical requirements and utilise our

comprehensive knowledge to provide a structured electrical service. A powerful importance is placed on working together with our clients from beginning to end to ensure that their preferred outcome is actually achieved. Being a company, we all strongly encourage each of our workers to use their particular specialised skills and working experience to think laterally and take a look at most possible options.

Coastal Electrics recognise personnel as the company's most important property and therefore we are focused upon providing all of them with ongoing training, development and support. Coastal Electrics keeps quality personnel by presenting a good mixture of in-house and external training and also improvement and support training seminars to bring together new workers. Employees are actually continually strengthening their own expertise in their respective areas of the industry. The training and development of employees have allowed the company to grow and offer quality work across the electrical field. Maintaining our employees pleased about the level of training they collect signifies that the company retains high performing, cohesive and loyal employees. For a family run company, our key concentrates is family where possible we provide family friendly hours and rosters to help fulfill our employees.

Coastal Electrics possess powerful equal opportunity values, with apprentices and professional tradesmen from many cultural and religious backgrounds. We value each other's different balance of experience and knowledge, cooperating in a non-discriminatory surroundings. Coastal Electrics strongly considers the importance of training apprentices in the electrical industry and has had over 15 successfully qualified apprentices to date. Wherever possible, Coastal Electrics hire local associates to ensure local information is readily available and sustained inside the company.

Our [Residential Electrical Services](#)

Coastal Electrics continues to be serving Perth's residential areas for more than 3 decades giving a diverse range of services starting from new house constructions to regular servicing. Having a confirmed reputation delivering high-quality cost-effective solutions to our clients, we've had the opportunity to build a large customer base consisting of local real estates, contractors, homeowners, strata management companies and business owners.

With our technicians available 24/7 for urgent breakdowns and with a number of technicians on the road we can cater to our clients 'needs and ensure very little turnaround instances tend to be accomplished.

[Commercial Electrical Services](#)

Coastal Electrics provides the highest level of expertise when it comes to the commercial sector of the electrical industry with a depth of knowledge backed by over 30 years of experience. We offer a diverse range of services specialising in commercial buildings, Accommodation facilities, dining establishments, office buildings and sporting facilities. With a workforce of specialised personnel, we work closely with our customers from beginning to end. This ensures a professional and cost effective result is achieved whilst keeping the best industry standards.

[Industrial and Mining Electrical Services](#)

Coastal Electrics is a leading electrical contracting business specialising in installation, commissioning, maintenance, repairs and project management with additional features in high voltage and telecommunications.

Over the past a decade, Coastal Electrics has successfully partnered with several companies to deliver turnkey solutions for industrial and mining clients which include Rio Tinto, BHP, Fortescue Metals Group, Citic Pacific, Roy Hill and Water Corporation. By these joint endeavours, we have had the opportunity to build lasting sustainable partnerships leading to continuous work.

All work is performed by our experienced workforce. Their level of commitment, technical capability and experience give clients with a value for money service. From start to finish you will get the same personnel, facilitating workflow and project delivery. We currently employ a medium-sized core workforce of personnel together with a proven capability to upscale a brief notice, according to workflow and project requirements.
