

Hello!!! This is a document that I will try to consistently update on trolls and ragebaiters who have been seen either trying to get Grok AI to modify your work or just sending weird shit in general, for your convenience so you can block them. I know there's a lot and it's not easy to completely prevent your work from potentially being fed, but these are just accounts I have caught in people's reply sections.

These accounts are known for using Grok AI to input Israel flags or any country's flag onto anyone's artworks, inputting controversial/political figures as well as "improving" their art to make it seem better than the original (which is a huge ass lie don't listen to them lmao).

**If you would like to inquire about anything related to this document, whether it be to submit another account to the list or to clarify any misunderstandings, please contact us.**

**Twitter** - @caffbrowniee\_

**Discord** - caffubrownie

Their profiles will be linked, it probably seems like a lot but this genuinely shows the sheer amount of idiots and trolls out there and I will not stand for giving them any more attention for such ridiculous behaviours.

Dates will be included for convenience, and suspended, deactivated, or deleted accounts will be marked!

“” means accounts active since **July 2025** that have interacted and/or are **currently interacting** with fandom content.

“” means **new accounts** created in July-August 2025

“” means accounts with **recurring activity**

“” means accounts that post **NSFW and GORE**

“” Forsaken oriented, c00lkidd spam accounts contributing to AI trolling

Previously blocked or suspended accounts can and will create new ones to evade your blocks.

**Fandoms/communities** that are actively targeted (more TBA):

Roblox (Forsaken, Phighting!, Regretavator, Block Tales, Frozen Soul/Dream game, Dandy's World), Murder Drones, Cookie Run, Fundamental Paper Education, Object Shows, Furry fandom, Friday Night Funkin, The Owl House, Dave and Bambi, Deltarune, Poppy Playtime

Don't forget to **block Grok** (<https://x.com/grok>), **gork** ( <https://x.com/gork>) and **AskPerplexity** (<https://x.com/AskPerplexity>) and **AskMerlinAI** (<https://x.com/AskMerlinAI?t=4QsMHxBGQmPHUyGJrjeZdw&s=09>) Blocking Grok will not stop it from interacting with your posts, but gork and askperplex and askmerlin are alternate/parody AI accounts that are summoned alongside grok if does not work

**(TW!!) Viewer discretion is advised: Upon visiting these profiles, do not scroll through all of them as most contain posted/reposted NSFW/gore and other forms of offensive,**

**disturbing or harmful media. You may choose to report these accounts, but it is safer to ignore and avoid engagement. Block and move on.**

**UPDATE: NEWER ACCOUNTS ARE NOW SENDING NUDITY AND GORE UNDER EVERYONE'S ART, THESE ARE NOT RAGEBAIT, PLEASE REPORT AND SUBMIT THESE ACCOUNTS UPON INTERACTION**

Viewing this doc is easier on PC if its not fully visible on mobile. You can hover over links to view their profiles to see if any of these accounts seem familiar to you.
