

FREE MEALS

The USDA has announced that the waiver allowing us to serve free meals to all preK - 12 students in USD 379 has been extended through December 2020!

All USD 379 students no matter their socioeconomic status will receive free lunch and breakfast through December 2020 and student lunch accounts will be refunded for all meals purchased since August 18th.

Why should you take advantage of the free school meals being offered:

- The USDA is covering the cost of meals, you are NOT taking meals away from someone who needs it more --- they are for ALL students.
- The school district receives a much higher reimbursement rate for every meal served through this program which means you are helping our food service program financially for every meal your child eats!
- You or your child don't have to do anything further, just eat school meals as you normally would. We will take care of the rest.
- This program is also available for all children in our community ages 1-18. Remote learners and child care centers can pick up meals at CCCHS and Wakefield any day that USD 379 is in session. Pick up will be 10:30 at Wakefield School and 11:00 a.m. at CCCHS. Please pre-order by contacting Kim Gregory: kimgregory@usd379.org
