

Hello!

I hope everyone is doing well! I am not a huge fan of winter so this long fall has been pretty dreamy.

I'm excited to launch the 147K grant from ODE/OSU to support our interventionists as a PLC! I think the greatest gift of this grant is TIME- time to be together with their colleagues!

Goal: Work collectively as a PLC to effectively move students out of the tier 2 system through our structures and instruction, keeping our historically underserved populations at the forefront of our thinking.

When: 8 full-day sub-release days (Nov. 16, Dec 12, Jan 16, Feb 20, Mar 14, Apr 9, May 7, Jun 4)
Includes lunch, resources, time, time, time ...

An important part of this time together will be growing ourselves as a PLC. We have never had this opportunity to meet together and collaborate, which will naturally bring up sensitive topics. One topic that came up last time we met for SIW was confusion around funding structures for schools. So during our first meeting on November 16th, I have included time for Tammy and Lisa to share information regarding the funding structure of interventionists to help with transparency. I'll encourage interventionists who are still curious to understand more to meet with their admin to better understand your staffing system and how those difficult decisions are made.

Please reach out with any questions that you have now or in the future.
Have a wonderful week!

Lindsley Gehrig
