

Elementary/Middle School Transition Information for Special Education Families

Fourth Grade → Fifth Grade

Dear Incoming Middle School Parents/Guardians:

Cori Jacomme (WMS) and Jennifer Braman-Parikh (KMS), Coordinators of the middle schools hosted a virtual 4th to 5th Grade Transition Night on February 9th for all special education families of current 4th graders.

In case you were unable to attend, below, you will find the recording and the slide deck that was presented. We are also including a link to a survey if you have additional questions or information that we didn't cover in the presentation.

As mentioned last night, we will host coffee events in the late spring at both middle schools to meet us and ask any additional questions.

Thank you and we look forward to a smooth transition,

Jennifer & Cori
