Southeast Elementary

April 3, 2020

Southeast Students and Families,

Hello! I hope everyone is staying healthy and safe. The next packet pick up date is scheduled for Wednesday, April 8 at Southeast Elementary from 11:00-12:30 on the east side of the building, where lunches are being picked up. The packet will include work/ practice for the next 3 weeks.

We are also updating and adding to the online resources on the district website. On the www.marshallschools.com website page, there is a tab at the far right labeled COVID-19. Under that tab there is an Elementary Tab. You can then click on Southeast Distance Learning Opportunities. There you will find folders arranged by grade level and the different content areas. The teachers have been placing learning opportunities in the folders that are for ongoing practice, review and to maintain material that has been taught since we were last in session.

To comply with the President's directive, Marshall Public Schools will remain closed until May 4, 2020.

If you have any questions, you may call Southeast School at 660-886-2655 or email me at rmaupin@marshallowls.com.

Sincerely,

Rendy Maupin

Principal, Southeast Elementary
