Dear Saxe Intern,

Welcome (back) to Saxe Middle School! We are excited that you have chosen to share your senior internship experience with us here at Saxe.

We are proud of our caring community and enjoy celebrating all that makes Saxe a wonderful place to learn, grow, and develop the skills necessary to be successful during these critical developmental years of life. As you progress through your internship or even reflect on your own experiences as a student here, please consider sharing any thoughts or ideas that could potentially improve the learning experience for our students. As a graduating senior, you have a unique perspective as both a student and a young adult and we value your insight.

We wish you the best in your internship and as you prepare for the next stage of your life, whatever path you may choose. Remember to take the time and appreciate each phase as you are in it. As you gain more worldly experience, you will soon see that the days may be long, but the years fly by.

If you have any questions, would like to discuss any ideas, or if we can be of any assistance now or in the future, please do not hesitate to stop by or reach out. Again, thank you for choosing Saxe!

Sincerely,

David M. Gusitsch
Principal, Saxe Middle School
