For classes not eligible for high school credit, mid-term and final assessment grades will be

factored into quarters 2 and 4 and graded according to the testing standards set by individual faculty.

Quarter 1 – 25%  
Quarter 2 – 25%  
Quarter 3 – 25%  
Quarter 4 – 25%  
Full Year Grade – 100%

## **F. Mastery**

### **Definition of Mastery at The Founders Academy**

Mastery is the acquisition of a deep level of knowledge through meeting content specific benchmarks. Students develop a thorough understanding of the subject matter by consistently applying their skills and demonstrating strong command of the material.

### **Why “mastery?”**

Mastery ensures that the goal of a rigorous curriculum and high expectations are maintained at The Founders Academy. We do not simply require that students “pass” a course, but that they “master” the content of each course. Additionally, the process allows students whose mastery is in question at the end of a quarter or course to continue to work towards mastering the content, and to demonstrate their mastery for the purpose of moving forward to the next level of instruction in a particular subject area.

### **What is the “process?”**

1. The process includes benchmarks for assessment. This includes an assessment of mastery at the end of each quarter; students who earn grades of a B- or above are considered masters of the content automatically. Mastery must be demonstrated in all

5

courses in order to pass the course or to receive high school credit. The only exceptions to this policy are in middle school art, band, or chorus courses.

2. Students who earn cumulative grades of C- to C+ may still demonstrate mastery by completing additional work, at the teacher's discretion. The additional work must be completed within a specified window of time.
3. The process includes both teacher and student reflection. Quarterly benchmarks allow students, parents, and teachers to address any deficiencies in progress as the school year progresses. All should work to monitor student progress towards final course mastery through the school year.
4. Supplementary instruction is pivotal in this process. Students who do not demonstrate mastery with a semester or course grade of a B- or above may have the opportunity to demonstrate mastery at the end of the course by completing supplemental instruction, provided by the teacher.

**Course Mastery:**

At the end of a semester-long or full-year course, students who earn a grade of a B- or above will be considered masters of the content and automatically be promoted to the next level within that course's subject area (if there is one).

Students who earn a grade of C- through C+ will only pass the course/receive high school credit, and be allowed to proceed to the next level (if applicable), by completing additional work at the teacher's discretion to demonstrate mastery. The only exceptions to this policy are middle school art, band, and chorus courses.

For semester-long courses that are completed at the end of Semester 1, attempts for Mastery must be completed within 2 weeks of issuance of quarter 2 report cards. For courses that are completed at the end of the school year, mastery work must be completed within two weeks of the issuance of end of year report cards.

If a student demonstrates course mastery through completing supplementary work, their cumulative grade does not change.

**Forms of demonstrating mastery may include:**

Projects, Oral Exams, Written Exams, Exam Re-takes, Khan Academy, After School Tutoring, and other assignments deemed appropriate by teachers.

**Necessary Steps to Success of the Mastery Process:**

- Teachers must explain Mastery to their students clearly and frequently during the school year. It should be emphasized even more than the numeric value of the grade the student earns, as only mastery is used to determine if students progress to the next level in a subject area.
- Students must understand that a letter grade of a B- or higher at the end of the course determines whether mastery is automatically recognized.
- At the end of the course, only students who have earned a grade of C- through C+ may complete additional work to demonstrate mastery.
- Students are highly encouraged to initiate the request to do extra work to demonstrate mastery by emailing their teachers once they have received their report cards. Student initiation demonstrates student responsibility and commitment to their academic success.
- By the deadlines mentioned above, teachers will determine if mastery has been achieved through the supplemental work completed by the student.

The letter grade "I" (Incomplete) may be assigned to a student who has been absent due to extenuating circumstances and has not had enough time to complete the necessary work in that marking period. Students are responsible for making up all incomplete work within two weeks of the end of the marking period. If the work is not completed, the grade may be calculated with zero credit given for the missing assignments. Written requests for extensions may be submitted by parents/guardians stating the reason for the request (for example, severe illness). Approval of extensions is not automatic. The letter grade "NG" (No Grade) may be assigned to a student who has not completed enough of the course to receive a grade.

See The Founders Academy Student Handbook, section 2.1.

## **G. Attendance and Make-Up Work**

When a student is absent (either excused or unexcused) it is the responsibility of the student to make up all work missed, including in-class assignments. The teacher will decide on the appropriate amount of time for make-up work. Work which was assigned prior to the absence

and due on the day of the absence must be passed in upon the student's return to class. Missed

assignments and class work should be obtained from Google Classroom or Alma, or if further clarification is needed, the teachers.

Students absent on the day of a quiz or test must make arrangements with the teacher on the day of return for make-up. Students may not be given tests or quizzes in advance of an absence without prior permission.
