

Gojo is seen approaching a scared Pan. Behind him we can see a defeated Trunks and Goten, both of them looking blankly at the ground with holes in their sides. Gojo grows a sadistic grin.

Gojo: Hey little bandanna gripper! You know you can't go around with those little THANGS down there without me noticing. Not when they're the only ones left for me.

Just then however, Gojo stopped and looked to his side.

Gogeta: I heard you a pedophile Gojo I heard you like little boys and girls Gojo.

Gojo: N- NO! Nu nu nu not the HALL MONITOR! You cannot prevent me gayating getting gayats I must clayat my gayatas I must GAYAT!
Reversal Technique: Shoot Up The Classroom!

Gojo launched a flurry of bullets at Gogeta as Pan flew away and Gogeta Vanish Stepped. He appeared right in front of Gojo to the pedo's shock, resulting in him stepping to the side to dodge, which is what Gogeta was counting on. Gogeta checked his hand: two blast cards, a strike card, and a blue card. He started by chaining the blasts together, blasting Gojo away into the sky. He quick stepped up to him, charged his Ki, then used his strike card to pummel Gojo. He grinned as he pressed his blue card, drawing another in the process.

Gogeta: Big Bang, Kamehameha!

Gojo was blasted point blank, but grew a devilish grin as he immediately counter attacked.

Gojo: Primitive monkey aaaaaape takethisPURPLE!

Gogeta: Big Bang, Kamehameha!

The two attacks neutrally clashed. Gogeta raised an eyebrow, full power Purple was stronger than he thought. But before he could react Gojo dashed up to him. He countered the first punch with a Tap Attack, but Gojo immediately charged in before he could use

another Strike Card. He landed multiple blows, sending Gogeta throw buildings.

Gojo: But we're not done yet! You are on the fraud watch!

Gojo threw a box of Dragon Ball games at Gogeta before landing more strikes. He punched Gogeta into another building before airing the bitch out with a Purple machine gun, bringing the whole place down. But Gogeta emerged nearly unscathed thanks to his first combo 80% Reduce Damage Sustained.

Gogeta: The only fraud here is the guy who goes after girls younger than his bisection!

Gojo screamed like Kevin Hart as he fired more mini purples, but Gogeta used his Vanish Step again. Seeing how Gogeta was out of vanish though, Gojo attacked immediately this time, only for Gogeta to counter with a strike card. The two entered a clash, with Gojo's score being 934 and Gogeta's 967. Winning the clash, Gogeta kicked him away and began a new combo, starting with a green card. He approached Gojo.

Gogeta: Gyatthame...

Gojo: Beneath Earth and Earth I alone am the bisec I mean bisexual on-

Gogeta: ...ha you're BROKE!

Gojo in horror checked his wallet to find it only filled with Chrono Crystals he spent his life savings on as Gogeta used the opportunity to kick him in the face. He immediately used another strike card, another strike card, and a blast card. It was time to finish this. As Gojo flew towards the ground, Gogeta activated his Main Ability and drew his Ultimate card. He went in for the finisher, but right before he landed it, Gojo dodged.

Gogeta: Shit I dropped my-

Gojo: Scope him unlike DJT!

Gogeta took an Imaginary bullet to the head as he fell to the ground concussed. Gojo capitalized by pulling a bouncy ball out of his phone while Drake music played. Gogeta looked up only to taste dirt as Gojo repeatedly slammed him into the ground. Gogeta was low on health without any way to recover. But because he's simply good at the video game, we can see that he managed to get enough Dragon Balls for a Rising Rush in only two combos as the Rising Rush icon appears on the screen. Gojo backed away out of fear of this fact.

Gogeta: Get ready to get skill issued!

Gojo: Jokes on you, my only issue is my abundance of issues!
Domain Expansion!

Gogeta activated the Rising Rush as he charged at Gojo, clashing with his opening Domain as he roared with might. But in the end, he wasn't able to hold up against the Domain. He was pushed back as the barrier formed, breathing heavily.

Gogeta: Going out like this... huh?

Gojo: Heeeirje, wom wom wom kaplooyeh, kakesususuu niiiiiiiiig,
pupupupupupupuPUPAWOIE!

Gojo fired a Hollow Purple at Gogeta to deal the finish blow, only for his missing chromosome to cause it to drift off screen. Gojo using all his options meant he was on his last legs, activating the condition for Gogeta's extra Unique Ability from his Zenkai as he saw another Ultimate card appear in his hand.

Gogeta: I heard you're a fraud Gojo it seems you're getting fraudchecked SATORU GOJO!

Gogeta stanced up as he activates his Ultimate card, leaping towards Gojo. He kicked him so hard the barrier shattered as he went flying into the sky. Gogeta flew up to him, and kicked him even higher. Only to zoom up like a lightning bolt and strike him into space. Gojo screamed as Gogeta teleported above him and smashed him with a downward kick. Gogeta aimed for his finisher.

Gogeta: 100 Times Big Bang Kamehameha!

The blast descended, enveloping Gojo as he screamed and was vaporized.

Legendary Finish!

Gogeta: Come back when you can count up to 18!

KO!
