Micah Ahern was a superhero in every sense of the word. "Never Ever Give Up" is what he always said. His attitude and slogan made him a hero to all. Micah battled Neuroblastoma for over six years. Micah beat cancer when he earned his wings at the age of 7 in July 2016. While Micah is dearly missed, his legacy continues to live on with the Superhero Micah Foundation. Micah faced so much adversity during his battle with cancer, but he never ever gave up and neither will we who know and love him.
